HEALTH INSURANCE HANDBOOK

CTPF
Chicago Teachers’ Pension Fund

OCTOBER 1, 2020
THROUGH
OCTOBER 31, 2020

2021

PLEASE KEEP THIS HANDBOOK FOR FUTURE REFERENCE.
Choosing a health insurance plan for you and your eligible dependents is one of your most important decisions. The Chicago Teachers’ Pension Fund (CTPF) sponsors comprehensive health insurance plans designed to promote wellness and provide high-quality coverage at a reasonable cost.

CTPF offers health insurance benefits to annuitants and their dependents, if the retiree’s final teaching service was with the Chicago Public/Charter Schools. Annuitants are retirees and eligible survivors of retirees who receive pension benefits from CTPF. Qualified annuitants may enroll in a plan for:

- Non-Medicare eligible members
- Medicare-eligible members who maintain enrollment in Medicare Part A and Part B.

This handbook provides information about CTPF’s current health insurance options, premiums, and changes to health insurance plans. Read this handbook carefully and familiarize yourself with your options.

**zjv[zo],[a] as a CTPF Health Plan Enrollee**

It’s important to keep CTPF informed if you have any of the following:

- change of address for you or your dependents
- death of a spouse or dependent
- marriage, civil union, divorce, legal separation, annulment
- dependent loss of eligibility
- change in Medicare status, including turning age 65, becoming Medicare eligible before age 65, or loss of Medicare coverage for any reason
- change in Medicare premium (such as decrease or elimination of Medicare Part A premium, or qualifying for a state premium assistance program)
- you have been awarded benefits under Medicaid (it is important that you contact CTPF once you are informed that you have been approved to receive any type of Medicaid benefits; a copy of your Medicaid award letter should also be sent to CTPF)
- your health plan or prescription ID card does not reflect your current enrollment
- your pension deduction does not match your coverage or required premium

---

REFER to this handbook if you are attending an Open Enrollment webinar or meeting and PLEASE KEEP this handbook for future reference.

The 2021 Open Enrollment Period for health insurance will run from October 1-31, 2020. During this period, annuitants can enroll, add a dependent, or change a health insurance plan or carrier.

CTPF will offer expanded educational programs by webinar and phone conference this fall. Telephone and video counseling appointments with counselors from CTPF’s Member Services department are also available.

### Open Enrollment Assistance

**OPEN ENROLLMENT EDUCATION WEEK**

Register Today!

CTPF will host a week of webinars and audio presentations October 5-9. Morning presentations will be webinars with a full audio-video presentation that can be viewed from any internet-connected device. Two presentations will be audio-only for individuals who do not have access to the internet.

All presentation materials will be posted at ctpf.org/open-enrollment. Register for a webinar by clicking on the date at ctpf.org/calendar. Audio-only presentations will be dial-in and do not require advance registration.

Webinars will be posted for on-demand viewing at ctpf.org/open-enrollment after the presentations.

**2021 Health Insurance Subsidy**

CTPF Trustees voted to subsidize the 2021 CTPF health insurance premiums at 60% (\(\text{60\%}\) ), effective January 1, 2021. This is an increase from the 50% premium subsidy approved in 2020. The subsidy is set annually and is subject to change. (See page 15 for more information.)

**Opt-In Policy**

Eligible members may re-enroll in a CTPF health insurance plan one time without a qualified change in status. Otherwise enrollment is only allowed once in a lifetime, unless the member experiences a qualifying event (marriage, birth, death, etc.). Individuals who want to re-enroll in a CTPF plan must do so during an open enrollment period. A member applying to re-enroll must have proof of insurance coverage as of the beginning of the open enrollment period (October 1), and maintain coverage through December 31 of that year. CTPF insurance coverage becomes effective the following January 1.

**Medicare Plans**

* **AARP Medicare Supplement Plan F (UnitedHealthcare)**
  Due to a change in federal legislation, the AARP Plan F is not open to individuals who turn age 65 after January 1, 2020. Medicare recipients who turned 65 prior to 2020 can enroll in this plan.

* **UnitedHealthcare Medicare Advantage PPO**
  The UnitedHealthcare Medicare Advantage PPO plan has enhanced their hearing benefit options through the UnitedHealthcare Hearing program.
Plan Changes & Updates Continued

**Medicare Part D Plan Update**

Part D plan out-of-pocket costs are changing for 2021. Once your true out-of-pocket cost reaches $6,550, your copay may be reduced. If you meet this cost threshold, you pay:

- the greater of 5% coinsurance or $3.70 for generics/multi-source drugs,
- $9.20 for brand name drugs,

However, you will never pay more than the normal copay for a drug tier, based on the number of days prescribed (e.g., 30-days). Please refer to pages 37-43 for more information.

For help in understanding how Part D drug plans work, please visit the Medicare website under Costs for Medicare drug coverage: [www.medicare.gov/part-d/](http://www.medicare.gov/part-d/)

---

**COVID-19 CHANGES**

CTPF has implemented the following changes for the health and safety of all:

- In-person appointments and services are suspended. Phone assistance and video counseling appointments are available. Members should call 312.641.4464 or email memberservices@ctpf.org for assistance. Calls will be forwarded to voicemail. Leave a message clearly stating your name, phone number, and the nature of your inquiry. Your call will be returned as soon as possible.

- During the pandemic, we encourage members to submit forms by fax or email if possible, as U.S. Mail processing may be delayed. Send forms and documents by fax to 312.641.7185 or email an attachment (.pdf or .jpg format) to imaging@ctpf.org.
The Centers for Medicare and Medicaid Services (CMS) uses a Star Rating system to measure how well Medicare Advantage plans and standalone Part D plans perform in categories such as customer service, member complaints, pricing and the array of services each offers. The ratings range from one to five stars, with five being the best and one the worst.

To find your plan’s Star Rating, go to [www.medicare.gov/find-a-plan/](http://www.medicare.gov/find-a-plan/). Once there, enter your plan ID (shown below) and your home zip code. Please note that your plan is part of a larger health insurance contract with Medicare and will not match the name of your group plan:

**Non-Medicare Plans**

Members currently enrolled in the plans listed below DO NOT need to take any action to stay enrolled:

- Blue Cross Blue Shield PPO
- Blue Cross Blue Shield HMO Illinois
- UnitedHealthcare Choice Plus PPO

**Plan F Enrollment Limited**

Federal legislation limits enrollment in the AARP Medicare Supplement Plan F (UnitedHealthcare) to Medicare recipients who turned 65 prior to 2020. All other offered Medicare plans are available to all Medicare-eligible members.
2021 Open Enrollment

The annual Open Enrollment Period for the CTPF health insurance program runs from October 1 - October 31, 2020. During Open Enrollment, you may enroll in a CTPF health insurance plan for the first time, change a health insurance plan or carrier, exercise your one-time Opt-In option, or add a dependent to a health plan.

January 1, 2021.

COBRA Enrollees

If you currently have insurance through your former employer’s Consolidated Omnibus Budget Reconciliation Act (COBRA) plan and wish to join a CTPF plan in January, you may enroll during Open Enrollment or within 30 days of COBRA coverage ending. (See page 17)

Enrollment from a COBRA plan to a CTPF plan is not automatic.

Medicare plans

Complete CTPF Form 350 to enroll in all Medicare plans. See the instructions in “How to Enroll” on page 17. The AARP Medicare Supplement Plan F (UnitedHealthcare) with Express Scripts Medicare® (PDP) for CTPF Medicare Supplement plan and the Humana Group Medicare HMO with Part D Pharmacy Medicare Advantage plan require additional forms.

HEALTH INSURANCE CHECKUP

Health Insurance Checkup

What’s in a (legal) name?

It’s important to keep your legal name up-to-date with both the Social Security Administration (SSA) and CTPF. Your legal name is the name on your birth certificate unless your name changed due to marriage, divorce, or by legal decree. Even if you do not receive SSA benefits, the SSA supplies Medicare with the name on your Medicare ID card. Make sure you use your legal name when you complete CTPF health insurance forms. Enrollment problems can occur if the name on your Medicare card does not match the name on file with CTPF.
ID Cards

Health plan enrollees receive health insurance ID cards by mail directly from their health insurance plan provider. ID cards are normally issued at the time of enrollment or when a health plan change is made.

If you need a replacement card, contact your health insurance plan provider directly. Find contact information on page 46.

Turning Age 65

If you plan to enroll in a CTPF Medicare plan, you will need to apply for Medicare three months before the month you turn age 65 to ensure timely enrollment. See page 30.

To enroll in a CTPF Medicare plan, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. Acceptable proof includes:

- a copy of the Medicare card, or
- an award letter with Medicare number from the Social Security Administration verifying enrollment, with effective dates

Current CTPF non-Medicare Health Plan Enrollees

If you are currently enrolled in a CTPF non-Medicare plan and want to continue coverage with CTPF when you turn 65, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. If you fail to provide proof of Medicare enrollment, your CTPF health insurance will terminate on the last day of the month prior to your Medicare eligibility month. See page 30 for information.

Medicare Birthday Parties

CTPF offers bi-monthly enrollment webinars to help members evaluate their health insurance options. Medicare “Birthday Parties” are held via webinars and eligible members and their dependents are sent invitations in the months prior to their 65th birthday. More details can be found on page 51.
Reducing Your Cost

CTPF Health Insurance Premium Subsidy
CTPF members whose final teaching service was with CTPF may receive a health insurance premium subsidy. The subsidy, set annually, pays a percentage of health insurance costs for eligible CTPF annuitants. The CTPF Board of Trustees approved a 60% subsidy, effective January 1, 2021. The subsidy is subject to change at the discretion of the Board.

Medicare Part A Premium Subsidy
Members who retired with a pension benefit effective date of July 1, 2016, or later, who must pay for Medicare Part A coverage, will not receive a CTPF premium subsidy for this cost. This does not impact CTPF subsidies for Medicare Part B, Part D, supplemental health plans, or annuitants with pension benefit effective dates prior to July 1, 2016. See page 33 for more information.

If you want a family member to assist you with health insurance issues, you can submit a HIPAA Authorized Representative Designation form, available at www.ctpf.org or from Member Services. Your Authorized Representative may discuss your health insurance options, but cannot make care or treatment decisions.

If you would like a family member or other representative to act on your behalf, you must submit a completed power of attorney form to CTPF and to each of your health insurance carriers.

Fraud
Falsifying information and/or documentation to obtain health insurance coverage through CTPF will result in a loss of health insurance.

Disclaimer
If this summary description differs from the plan text or any plan term or condition, the official contract document governs. This handbook contains information regarding benefits voluntarily provided by CTPF. Plan provisions may change without prior notice. All plans are subject to and must comply with any applicable state or federal law. To the extent this summary description differs from current or future applicable state or federal law, the applicable state or federal law governs.

Dental Plans
CTPF health insurance plans do not include dental coverage. CTPF annuitants may enroll in dental insurance offered through private insurers or a group plan through the Retired Teachers Association of Chicago.
Who Can Enroll In A CTPF Plan?

Annuitants & Dependents

CTPF annuitants and their eligible dependents may qualify to enroll in a CTPF health insurance plan. To qualify, CTPF must be the retiree’s final retirement system. An annuitant and/or dependent may initially enroll in a CTPF plan once in a lifetime, unless he or she experiences a qualifying event. (See Special Enrollment on page 13)

Upon the death of a member, survivors should notify Member Services as soon as possible. Once reported, CTPF will send a packet outlining survivors’ health insurance options.

CTPF health insurance coverage continues for survivors currently enrolled as dependents following a member’s death. Qualified survivors become eligible for a health insurance premium subsidy. A survivor who does not want to continue coverage may voluntarily disenroll.

Joining a CTPF Health Insurance Plan

Qualified survivors may enroll in a CTPF health insurance plan within 30 days of a member’s death, and become eligible for a premium subsidy. CTPF sends enrollment information upon notification.

Eligible dependents include:

- a legal spouse as defined by your state of residence
- a party to a civil union
- children under the age of 26
- unmarried veteran adult children under the age of 30
- children who are mentally or physically disabled from a cause originating prior to age 23, and who are financially dependent on you for more than one-half of their support and maintenance.

Dependent enrollment is contingent upon meeting the documentation requirements listed on page 12.

It is your responsibility to notify CTPF in writing when your dependent no longer meets eligibility requirements.

*the term children includes:

- natural children
- step children
- legally adopted children
- children for whom you have permanent legal guardianship
- disabled children
### Dependent Documentation Requirements

*CTPF may require periodic updates to disabled child documentation. See page 11 for dependent eligibility requirements.
When Can I Join?

**Initial Enrollment Period**
- You may initially enroll in CTPF coverage when one of the following events occurs:
  - Within 30 days after COBRA continuation coverage under the Board of Education or Charter School active employee group health program ends,* unless coverage is cancelled due to non-payment of premium.
  - Within 30 days of the effective date of pension/survivor benefits.
  - During the Annual Open Enrollment Period (once in a lifetime).
  - Within 30 days of first becoming eligible for Medicare.
  - When coverage is cancelled by a former group plan through no fault of your own.

**Special Enrollment Period**
- In addition to the annual Open Enrollment Period, you have 30 days after a qualifying event to change plans or add an eligible dependent. Qualifying events may include:
  - Change in permanent address that affects the availability of an HMO or Medicare Advantage plan.
  - Marriage/civil union or divorce/dissolution.
  - Birth, adoption, or legal guardianship.
  - Termination of a Primary Care Physician for HMO plan enrollees.
  - Becoming eligible for Medicare.

Please indicate the qualifying event on CTPF Form 350 and include any supporting documents detailing your reason for loss of coverage.

**One Time Opt-In**
- Eligible members may re-enroll in a CTPF health insurance plan without a qualified change in status (marriage, birth, death, etc.). Individuals who want to rejoin a CTPF plan must do so during a CTPF Open Enrollment Period. A member applying to re-enroll must have proof of insurance coverage as of the beginning of the open enrollment period (October 1), and maintain coverage through December 31 of that year. CTPF insurance coverage becomes effective the following January 1.

**2021 Open Enrollment**
- The annual Open Enrollment Period is the time when you or a dependent can enroll in a CTPF plan or change plans. Open Enrollment runs October 1 - 31, 2020. Changes made during Open Enrollment become effective January 1, 2021.

Get started by following these steps:
1. Make sure you understand any plan changes. (See page 5)
2. If you are currently enrolled in a CTPF plan and you want to continue coverage, you do not need to take any action. Your coverage will continue.
3. If you or a dependent want to enroll or change plans, you must complete the appropriate enrollment forms. An enrollment form for most plans is included in this handbook. See the “How to Enroll” section of the comparison charts for plans not included on the enrollment form.
4. Return all completed enrollment forms and required documentation to CTPF. Forms returned to an insurance carrier will not be processed.

During the pandemic, we encourage members to submit forms by fax or email when possible. See page 48 for email, fax, and mailing information.
Voluntarily Ending Coverage

You can voluntarily end health insurance coverage at any time. Complete CTPF Form 350 by indicating your desired disenrollment date at least 30 days prior to the first day of the month when you want to end coverage. Your benefits will cease on the last day of the month.

If your request is received less than 30 days in advance, your coverage may be effective in the following month.

Involuntarily Ending Coverage

Annuitant
An annuitant’s health insurance coverage ends:
- the last day of the month when eligibility requirements are no longer met,
- on the date you lose Medicare coverage due to non-payment of premium, or
- on the date of death

Dependents*
A dependent’s health insurance coverage ends
- simultaneously with the termination of the annuitant’s coverage, or
- the last day of the month when eligibility requirements are no longer met

* CTPF health insurance coverage continues for survivors currently enrolled as dependents, following a member’s death. See page 11 for information.

Refund of Premium

Premiums will not be refunded for coverage ended retroactively due to late notification of ineligibility.
How Do I End Insurance Coverage?

CTPF retirees whose final teaching service was with the Chicago Public/Charter Schools may qualify for a partial subsidy of their insurance premiums. A surviving spouse/child receiving a survivor’s pension may also qualify for a subsidy.

The amount CTPF can spend on annuitant health insurance is limited by state law. Each year, the CTPF Board of Trustees sets a premium subsidy amount. The subsidy for plan year 2021 is 60% of the total premium cost. The subsidy is subject to change at the discretion of the Board.

Premium cost for dependent coverage is not eligible for the subsidy.

Subsidy for CTPF Non-Medicare Eligible Plans

If you are enrolled in a CTPF Non-Medicare health insurance plan, your share of the monthly plan cost is deducted from your pension benefit.

If your monthly premium is $1,000, and the approved subsidy percentage is 60%, CTPF deducts $400 from your monthly pension for the premium cost, and pays the remaining $600 on your behalf.

Subsidy for Medicare

CTPF provides a premium subsidy for Medicare Part B and Part D coverage. Members with a pension benefit effective date prior to July 1, 2016, also receive a subsidy for Medicare Part A.

Costs Not Subsidized

CTPF does not subsidize Medicare penalties or adjustments. If you are disenrolled from Medicare for any reason, CTPF may recoup any overpaid premium subsidy from your pension check. See page 15 for more information.

Paying for Medicare Part A

Annuitants enrolled in a CTPF Medicare health insurance plan who must also pay a premium for Medicare Part A must enroll in CTPF’s MedPay Program. Under this program, CTPF makes Medicare Part A, Part B, and Income-Related Monthly Adjustment Amount (IRM AA) Part B premium payments on your behalf, and deducts your share from your pension benefit. See page 34 for information.

Charter School COBRA

If you are enrolled in COBRA continuation coverage, CTPF automatically applies the premium subsidy to your pension benefit. The necessary authorization forms must be on file with CTPF.

All teachers hired by the Chicago Public/Charter schools on or after April 1, 1986, contribute to Medicare and receive premium-free Medicare Part A benefits after 40 quarters of participation. Members employed prior to April 1, 1986, had the option of making Medicare contributions starting in 2006. Individuals who chose this option met their contribution requirements (40 quarters) in 2016.
Paying for Medicare Part B

Medicare will bill you for your Part B premium unless you receive a Social Security benefit or qualify for and enroll in CTPF’s MedPay program. If you make Part B payments directly to Medicare, CTPF provides a subsidy by adding 60% of the premium cost to your pension benefit.

- **Example:** If your Medicare Part B Premium cost is $141.60 and the approved subsidy percentage is 60%, CTPF adds $84.96 to your pension benefit. You must make your Part B payment directly to Medicare.

Subsidy for CTPF Medicare Plans

If you are enrolled in a CTPF Medicare health insurance plan, your share of the monthly plan cost is deducted from your pension benefit.

- **Example:** If your monthly premium is $300, and the approved subsidy percentage is 60%, CTPF deducts $120 from your monthly pension for the premium cost, and pays the remaining $180 on your behalf.

Subsidy for Non-CTPF Plans

Members enrolled in non-CTPF health insurance plans and/or Medicare may be eligible for a subsidy, subject to maximum reimbursement amounts published annually. The maximum reimbursement amount will be based on CTPF’s least expensive Medicare or non-Medicare plan option.

An application is mailed in the spring to members who are not enrolled in a CTPF health insurance plan. The subsidy is paid out retroactively in an annual payment. Premium payment documentation is required and is explained on the application.

Authorized Representative

An authorized representative (AR) is a trusted friend or family member that you designate to assist with your CTPF health care services.

**Why Designate an AR?**

Assigning an AR now ensures that the people you trust can ask questions, discuss claims, and advocate for you for you in the event that you need assistance with these matters. An AR does not have power of attorney and cannot make care or treatment decisions.

**How to Designate an AR with CTPF**

Download CTPF Form 345 at www.ctpf.org/health-insurance-forms-publications, or call Member Services, 312-641-4464, to request one. Complete the form and return to CTPF.

**Authorized Representative**
COBRA (Consolidated Omnibus Budget Reconciliation Act) is a federal law that gives health plan enrollees, including annuitants and their eligible dependents, the right to temporarily continue health insurance at group premiums. Coverage must be lost due to specific qualifying events (see below). The type of qualifying event determines who is qualified for continued coverage and for how long.

The decision to continue coverage under COBRA must be made within a certain time period, called the election period. If COBRA continuation coverage is elected within the qualifying period, the coverage will be reinstated retroactive to 12:01 a.m. on the date following termination of coverage. Coverage under COBRA is identical to the health insurance coverage provided to plan enrollees.

### CTPF COBRA Eligibility

COBRA continuation coverage is a continuation of CTPF health insurance coverage when coverage would otherwise end because of a qualifying event. A list of qualifying events with the applicable continuation periods can be found in the chart below. You must notify CTPF in writing of address changes for dependents so that COBRA notification can be sent.

**COBRA Eligibility**

As the annuitant, you are responsible for notifying CTPF of you or your dependent(s) loss of eligibility of coverage within 60 days of the date of the qualified event, or the date on which coverage would end, whichever is earlier. Failure to notify CTPF within 60 days will result in termination of CTPF COBRA continuation rights:

**Email or Fax Preferred**

During the pandemic, we encourage members to submit notice by fax or email if possible, as U.S. Mail processing may be delayed. Send notice by fax to 312.641.7185 or email an attachment (.pdf or .jpg format) to imaging@ctpf.org.

**U.S. Mail**

If you cannot send in a notice by fax or email, please mail a notice to:

Chicago Teachers’ Pension Fund
425 S. Financial Place, Suite 1400
Chicago, IL 60605-1000

CTPF sends a letter with CTPF COBRA continuation rights within 14 days of receiving notification of the health insurance termination with a qualified event. The letter includes an enrollment form, premium payment information, and important deadline information.

If you and/or your dependent(s) do not receive a CTPF COBRA continuation letter within 30 days, and you notified CTPF within the required 60-day period, contact CTPF immediately.

**CTPF COBRA Enrollment**

You and/or your dependents have 60 days from the date of the COBRA eligibility letter to elect enrollment in COBRA and 45 days from the date of election to pay required premiums. Failure to complete and return the enrollment form, or to submit payment by the due dates, will terminate COBRA rights. If the enrollment form and all required payments are received by the due dates, coverage will be reinstated retroactive to the date of the qualifying event.

If, while on an 18-month COBRA continuation period a second qualifying event occurs, you and your dependents may extend coverage an additional 18 months, for a maximum of 36 months. However, this 18-month extension does not apply in the case of a new dependent added to existing COBRA coverage.

**Premium Payment Under CTPF COBRA**

You have 60 days from the date of the COBRA eligibility letter to elect CTPF COBRA and 45 days from the date of election to pay all premiums. Premium is 102% of the group rate for each COBRA-enrolled individual and is not subsidized by CTPF. Failure to pay the premium by the due date will result in termination of coverage retroactive to the last date of the month in which premiums were paid.

If, while covered under COBRA, you are determined to be disabled by the Social Security Administration (SSA), you may be eligible to extend coverage from 18 months to 29 months. Enrolled dependents are also eligible for the extension. To extend benefits, you must have become disabled during the first 60 days of COBRA continuation coverage. You must submit a copy of the SSA determination letter to CTPF within 60 days of the date of the letter and before the end of the original 18-month COBRA coverage period.

Disabled individuals and their enrolled dependents pay an increased premium, up to 150% of the cost of coverage, for all months covered beyond the initial 18 months.
Adding New Dependents to CTPF

Qualified dependents may be added to existing COBRA coverage. Contact CTPF for more information and documentation requirements.

CTPF COBRA

Termination of COBRA coverage occurs when the earliest of the following occurs:

- maximum continuation period ends
- COBRA enrollee fails to make timely payment of premium
- COBRA enrollee becomes entitled to Medicare
- the plan terminates

HEALTH INSURANCE CHECKUP

Stay Up-to-Date with Address Changes

If you move, notify the Social Security Administration (SSA) of your new address. Even if you don’t receive a Social Security benefit, the agency needs to know if your address changes, otherwise you may not receive a Medicare Part B bill. If you are Medicare-eligible and fail to pay your Medicare Part B premium you can lose ALL of your Medicare coverage and you will be disenrolled from your CTPF health insurance plan.

When COBRA coverage terminates, enrollees may have the right to convert to an individual health plan without providing evidence of insurability. Contact your health plan administrator to see if you qualify for this option.
Non-Medicare

Health Insurance Options for Non-Medicare Eligible Members

The following pages offer general descriptions of the types of health insurance options for CTPF annuitants who are not eligible for Medicare. All CTPF health insurance plans include comprehensive medical and prescription drug coverage. Specific plan information can be found in the charts on pages 21-29.

**Chicago Public/Charter School Continuation Coverage**

The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), allows you to pay for the same health insurance coverage that you received during employment, usually for 18 months.

Health insurance costs are generally lower under COBRA continuation coverage than they would be under a CTPF plan. Many choose this option and extend coverage for the maximum time allowed, normally 18 months.

Under COBRA continuation coverage, you pay premiums directly to your former employer. The employer administers the program, determines eligibility, and processes applications. In order to maintain coverage, you must make monthly premium payments on time or your coverage may be cancelled.

**Health Maintenance Organization (HMO)**

CTPF offers the Blue Cross Blue Shield HMO Illinois plan. This plan includes both medical and prescription drug coverage.

The HMO does not have deductibles, coinsurance, or claim forms to file. All health care must be provided (except in emergencies) by doctors, hospitals, and pharmacies that belong to the HMO network.

The HMO requires you to choose a primary care physician (PCP) to coordinate your care. Your PCP can be an internist, general practitioner, or family practitioner. You have the option to change your PCP at any time (changes may not be effective immediately). You must seek a referral for specialty care and use network providers except in an emergency. A directory of providers is available online or directly from the HMO.

The HMO service area is limited, so consider this option carefully if you travel frequently, do not live in the same place for 12 months of the year, or have dependents living away from home.

**Preferred Provider Organization (PPO)**

CTPF offers two PPO options, the Blue Cross Blue Shield PPO and UnitedHealthcare Choice Plus PPO. These plans include both medical and prescription drug coverage.

A Preferred Provider Organization (PPO) is a network of physicians, hospitals, and other professionals that have agreed to accept established fees from a health plan.

You decide whether or not to use a PPO network provider, but plans generally pay a higher percentage of covered charges for services within the PPO network.
## 2021 Plan Cost Comparison

The following health insurance plans are available to non-Medicare eligible participants. If you have Medicare Part A and Part B due to end stage renal disease, these plans are available to you within the 30-month coordination period.

This comparison is to be used as a guide. In case this summary differs from the health plan text or any health plan term or condition, the official contract document must govern.

* The annuitant cost is the amount paid for monthly coverage after CTPF applies the health insurance premium subsidy. The current subsidy is 60% of total premium cost. See page 15 for more information.

^ This is the amount a dependent pays for single coverage in special circumstances when only one family member is Medicare eligible. See page 44 for additional information about couple coverage.

**Prescription Drug Plan Changes**

Each health insurance plan utilizes a formulary—a list of preferred prescription drugs. Formularies may change annually, so make sure you review your plan’s 2021 formulary to determine if your prescription expenses will change.
Health Insurance Options for Medicare Eligible Members

The following pages offer general descriptions of the types of plans offered to CTPF annuitants who are eligible for and maintain active enrollment in Medicare Part A and Part B. All CTPF health insurance plans include comprehensive medical and prescription drug coverage. Specific plan information can be found in the charts on pages 38-43.

Turning Age 65

If you (or your dependent) plan to enroll in a CTPF Medicare plan, apply for Medicare three months before the month you turn age 65, and consider attending a CTPF Medicare “Birthday Party” when invited.

To enroll in a CTPF Medicare plan, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday.

Acceptable proof includes:

- a copy of the Medicare card, or
- an award letter with Medicare number from the Social Security Administration verifying enrollment, with effective dates

See general Medicare information on page 32, and find Medicare Birthday Party information on page 51.

Current CTPF non-Medicare Health Plan Enrollees

If you are currently enrolled in a CTPF non-Medicare plan and want to continue coverage with CTPF when you turn 65, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. If you fail to provide proof of Medicare enrollment, your CTPF health insurance will terminate on the last day of the month prior to your Medicare eligibility month.

More Information about Turning Age 65

CTPF offers bimonthly Medicare “Birthday Parties” designed to help members turning age 65 evaluate their health insurance options. See page 51 for information.

Medigap Plan

A Medigap policy is health insurance sold by private companies that helps pay the costs that Original Medicare (Parts A and B) doesn’t cover, such as Part A and Part B deductibles and coinsurance. Original Medicare provides coverage first, then Medigap helps fill in the gaps. The federal government defines standard benefits for Medigap plans. Medigap premiums are regulated by each state. You must be enrolled in Medicare Part A and Part B to join a Medigap plan.

CTPF offers the AARP Medicare Supplement Plan F (UnitedHealthcare) with Express Scripts Medicare® (PDP). Due to a change in federal legislation, enrollment in this plan is limited to Medicare recipients who turned 65 prior to 2020.

AARP Medicare Supplement Plan F (UnitedHealthcare)

The AARP Medicare Supplement Plan F is an individual Medigap plan administered by UnitedHealthcare and endorsed by AARP. This plan supplements Original Medicare (Part A and Part B) and includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare® (PDP) for CTPF. (See page 31 for more information)

This is an individual plan that is 100% portable with guaranteed renewal. You can obtain medical care from any physician or hospital that accepts Medicare. Plan F covers 100% of most Medicare-eligible expenses not paid by Medicare.

Plan F premiums are based on age, gender, vary by geographic area, and are quoted directly by UnitedHealthcare. Call CTPF to determine total premium cost including prescription coverage. Premiums may change slightly during the plan year depending on your enrollment date. UnitedHealthcare informs you of these premium changes.

New enrollees must submit completed enrollment applications to CTPF.

Note: If you have Medicare coverage for a reason other than age or if you turn 65 after January 1, 2020, you cannot enroll in this plan.
Medicare Advantage Plans

A Medicare Advantage plan completely replaces original Medicare Part A and Part B coverage. In an Advantage plan, the plan administrator assumes all of the financial cost of the services provided to you, less the applicable copayments. You must be enrolled in Medicare Part A and Part B to join an Advantage plan. CTPF offers two Medicare Advantage plans:

**UnitedHealthcare Group Medicare Advantage PPO with Express Scripts Medicare (PDP) for CTPF**

You can obtain medical care from any physician, hospital, or provider that accepts Medicare and Medicare Advantage Plans. The plan includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare (PDP) for CTPF. This plan covers most medical services at 100% once the deductible is satisfied.

Plan premiums are listed on page 37 and include the cost of prescription drug coverage. New enrollees must submit completed enrollment applications to CTPF.

**Humana Group HMO with Part D Pharmacy**

This plan is a traditional HMO where you select a Primary Care Provider to direct your care. You must use network physicians to receive benefits. The plan includes enhanced Medicare Part D prescription drug coverage provided through Humana. You typically pay a copay for services.

Express Scripts® is the prescription drug benefits administrator for the UnitedHealthcare Group Medicare Advantage PPO and AARP Medicare Supplement Plan F (UnitedHealthcare) plans. Enrollment in prescription drug coverage is automatic for these plans. Express Scripts® will send all new enrollees welcome kits with a separate prescription drug ID card. You will need to present this card at your pharmacy to receive prescription benefits.

The Express Scripts Medicare (PDP) for CTPF is an enhanced Part D prescription drug plan approved by Medicare. The plan is based on a drug formulary list which includes Medicare Part D drugs. View the drug formulary at the website: [www.Express-Scripts.com/medd/ctpf](http://www.Express-Scripts.com/medd/ctpf). (Copays apply, see the “Important Pharmacy Notes” on pages 42-43)

Copays may change annually based on a drug’s formulary status. This Part D drug plan utilizes a Preferred Value network that offers lower copays than the standard network. Not all drugs are available at an up to-90-day supply, and not all retail pharmacies offer an up to-90-day supply. Contact Express Scripts at 1-800-864-1416 for details.

If you qualify for “extra help” from the federal government for your prescription drug costs, your prescription copays and premium may be lower than those listed in this handbook.
Medicare Defined

Medicare is the federal health insurance program administered by the Centers for Medicare and Medicaid Services (CMS), for individuals who:

- reach age 65 or older, or
- receive Social Security disability benefits for over 24 months, or
- have End-Stage Renal Disease (ESRD), or
- receive disability benefits for Amyotrophic Lateral Sclerosis (ALS)

The Parts of Medicare

**Medicare Part A**
Hospital Insurance
Part A insurance helps cover inpatient care in hospitals. It also helps cover care in skilled nursing facilities (non-custodial), hospice, and home health care.

**Medicare Part B**
Medical Insurance
Part B insurance helps cover doctors’ services and outpatient care. Part B also helps cover some preventive services to maintain health and to keep certain illnesses from getting worse.

**Medicare Part C**
Medicare Advantage Plans
Part C insurance replaces the traditional Part A and Part B coverage. Part C plans are Medicare Advantage HMO, PPO, or Point of Service (POS) plans run by private companies approved by Medicare. These plans may offer other coverage including prescription drugs.

**Medicare Part D**
Prescription Drug Coverage
Part D insurance helps cover the cost of outpatient prescription drugs. The federal government sets a minimum standard of benefits that must be covered by Part D plans. Standard Part D plans may include a coverage gap (doughnut hole).

Enhanced Medicare Part D Plans
Enhanced Medicare Part D Plans have a higher actuarial value than a basic Part D plan. Out-of-pocket expenses are generally lower, and continued coverage through the coverage gap may be offered.

Applying for Medicare

To apply for Medicare, contact your local Social Security Administration (SSA) office or call 1-800-772-1213 to enroll in Medicare Part A and Part B, three months prior to your 65th birthday. You can also apply online at [www.medicare.gov](http://www.medicare.gov).

If you are already collecting Social Security retirement benefits, your enrollment in Medicare at age 65 is usually automatic.

Before you reach age 65, arrange to speak with your doctor’s office about your transition to Medicare. Confirm that your provider accepts Medicare, and where applicable, Medicare Advantage plans. You may also take the opportunity to discuss the types of health insurance coverage CTPF offers to members on Medicare.

They may ask to take your plan information in advance. Your health plan’s contact information is in the back of the book.
Enrollment & Premium Payment

Medicare Part A Premium

You may qualify for premium-free Part A coverage if you paid Medicare taxes while working. Members hired on or after April 1, 1986, paid Medicare taxes through payroll deductions.

Premium Free Medicare Part A

You must earn 40 Medicare “quarters” or “credits” to qualify for premium-free Medicare Part A; or 30+ quarters to qualify for a reduced premium.

You receive Medicare Part A at no cost if you receive a Social Security or Railroad Retirement Board (RRB) benefit.

You can apply for Medicare through a spouse if you have been married at least one year, or through an ex-spouse (living or deceased), if you were married for at least 10 years.

Paying for Medicare Part A

If you do not qualify for premium-free Part A coverage, you must purchase this coverage. CTPF takes over this responsibility and pays Medicare on your behalf when you enroll in CTPF’s MedPay program. (see page 34)

Medicare Part B Premium

Almost everyone must pay for Part B coverage. You are responsible for making payments directly to Medicare, and will receive a monthly or quarterly bill unless you:

- receive a Social Security benefit. Medicare deducts the Part B premium cost directly from monthly SSA benefits.
- participate in CTPF’s Med优势 program. CTPF pays Medicare on your behalf. (see page 34)

Pay Medicare Part B bills promptly to avoid losing all your health insurance coverage. If you are not eligible for the CTPF Med优势 program, CTPF recommends enrolling in the Medicare Easy Pay Program to help avoid payment lapses. Easy Pay allows Medicare to deduct your monthly premium payment directly from your checking or savings account. Medicare administers Easy Pay; obtain an application at www.medicare.gov or call 1-800-MEDICARE.

Part B Assistance

Some individuals may qualify for a state-sponsored Part B premium assistance program. If you qualify for Part B assistance, notify CTPF immediately.

Medicare Part D Premium

All CTPF plans include Medicare Part D prescription drug coverage. The cost of Part D coverage is included in your premium.

Waive

If you do not enroll in a Medicare Part D drug plan when you first become eligible for Medicare, you may have to pay a late enrollment penalty, unless you have proof of other creditable coverage. Medicare Part D penalties are the total responsibility of the member. CTPF may bill a member to recover these costs if CTPF pays these costs in error.

Note: All CTPF-sponsored Medicare plans have included creditable prescription coverage since 2006.

IRM AA Higher Income Adjustments for Medicare Part B and Part D

Medicare beneficiaries with higher incomes pay more for Part B and Part D insurance.

This Income-Related Monthly Adjustment Amount (IRMAA) is deducted from a beneficiary’s Social Security benefit or direct-billed by Medicare. The Social Security Administration uses federal tax returns to determine high income status.

Paying for IRMAA

All IRMAA expenses are the total responsibility of the member. CTPF does not subsidize IRMAA. CTPF may bill a member to recover these costs if CTPF pays these costs in error.

PART B: CTPF will make Medicare Part B IRMAA payments on your behalf if you are enrolled in CTPF’s Med优势 Program. (see page 34)

PART D: Government regulations prevent CTPF from making Medicare Part D IRMAA payments on your behalf. CMS will bill you monthly for this expense.
CTPF’s MedPay Program

If you must pay for Medicare Part A, CTPF takes over payment responsibility when you enroll in CTPF’s MedPay Program. Through this program, CTPF makes Medicare Part A, Part B, and IRMAA Part B* premium payments on your behalf, and deducts your share (after applying the applicable premium subsidy) from your pension benefit.

*CTPF cannot make Medicare Part D IRMAA payments on your behalf. CMS will bill you monthly for this expense.

Enrolling in CTPF’s MedPay Program

Immediately send CTPF:

1. A copy of your first Notice of Medicare Premium Payment Due, issued by CMS
2. A copy of your check for your first payment
3. CTPF Form 301 (available from Member Services or download at www.ctpf.org)

CTPF will process your request and make all subsequent Medicare Part A, Medicare Part B, and IRMAA Part B premium payments on your behalf. Your share of the premium payment (after CTPF premium subsidy, if applicable) will be deducted from your pension benefit.

Current CTPF Non-Medicare Enrollees Turning Age 65

If you are currently enrolled in a CTPF non-Medicare plan and want to continue coverage with CTPF when you turn 65, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. If you fail to provide proof of Medicare enrollment, your CTPF health insurance will terminate on the last day of the month prior to your Medicare eligibility month. See page 30 for information.

More Information about turning age 65

CTPF offers bimonthly Medicare “Birthday Parties” designed to help members turning age 65 evaluate their health insurance options. See page 51 for information.

CTPF Plan Enrollment Requirements

Qualified individuals who want to enroll in a CTPF plan for Medicare eligible members must be enrolled in Medicare Part A and Part B. If you do not qualify for premium-free Part A coverage, you must purchase this coverage through CTPF’s MedPay program.

You must provide proof of Medicare enrollment before enrolling in a CTPF health insurance plan. Acceptable proof includes:

- A copy of the Medicare card, or
- An award letter with Medicare number from the Social Security Administration verifying enrollment, with effective dates

If you enroll in a CTPF health plan and must pay for Medicare Part A, CTPF requires that you enroll in the CTPF MedPay program. This is the only way you can receive a monthly subsidy for that premium in your pension check.
Medicare Eligibility Due to Disability

If you are under the age of 65 and receive SSA or RRB disability benefits, you are automatically enrolled in Medicare Part A and Part B after 24 months. You must notify CTPF in writing when you, or a dependent covered under your health plan, becomes eligible for Medicare due to disability. You may join a CTPF plan when you provide proof of Medicare Part A and Part B enrollment. Some CTPF plans have an age requirement; see the comparison charts for additional information.

Medicare Eligibility Due to ESRD or ALS

If you are under the age of 65 with End-Stage Renal Disease (ESRD), you can apply for Medicare benefits by contacting a local SSA office. Once the 30-month ESRD coordination period expires, you may enroll in a CTPF Medicare plan if you also have Medicare Part B coverage.

If you receive disability benefits due to ALS, you automatically receive Medicare Part A the month benefits begin. You may join a CTPF plan when you enroll in both Medicare Part A and Part B.

Regardless of your age, it is your responsibility to notify CTPF if you are enrolled in Medicare Part A and Part B due to ESRD or ALS.

Medicare & You

Medicare & You is the official US government Medicare handbook. If you would like a paper copy of this book you can:

- Go online to www.medicare.gov and download a pdf
- Call 800-Medicare (1-800-633-4227) and request a copy; TTY users should call 1-877-486-2048
- Visit a local SSA office, but call first to make sure they have copies on hand

There are also advantages to saving the paper and going online at www.medicare.gov to reference the Medicare & You handbook. Any changes to Medicare are updated regularly online. An electronic version can be downloaded to your Kindle, iPad, Nook or other eReader. In addition, audio versions of the handbook are also available.

Other Medicare Part D Plans

All CTPF’s Medicare plans include comprehensive prescription drug coverage. If you are currently enrolled or plan to enroll in a CTPF Medicare plan, do not enroll in any

Members may receive solicitations from insurance carriers for other Medicare D plans. If you are enrolled in a CTPF Medicare plan, and you enroll in an additional Medicare part D plan, you will lose ALL CTPF coverage.
Medicare prescription drug coverage became available in 2006 to everyone with Medicare. All Medicare drug plans provide at least a standard level of coverage set by Medicare.

The Chicago Teachers’ Pension Fund (CTPF) has determined that its prescription drug coverage is, on average, at least as good if not better than the standard Medicare prescription drug coverage and is considered Creditable Coverage.

**If you are currently enrolled, or plan to enroll, in a CTPF Medicare insurance plan for 2021, you should not enroll in an additional Medicare Part D prescription drug plan, or you will lose all CTPF health insurance coverage.**

With this Notice of Creditable Coverage, you will not be penalized if you later decide to enroll in a non-CTPF prescription drug plan. However, if you drop or lose your coverage with CTPF and do not enroll in Medicare prescription drug coverage within 63 continuous days after your coverage ends, you may pay more (a penalty) to enroll in a Medicare Part D prescription drug plan.

**KEEP THIS NOTICE**

If you are enrolled in a CTPF health plan for the 2021 benefit year, this notice verifies that you have creditable coverage for Medicare Part D.

If, in the future, you decide to join a non-CTPF Medicare drug plan, you may be required to provide a copy of this notice. This notice proves that you have maintained creditable coverage.
The following health insurance plans are available to Medicare-eligible plan participants enrolled in both Medicare Part A and Part B, unless you have Medicare due to ESRD and are within the 30-month coordination period. This comparison is to be used as a guide. In case this summary differs from the health plan text or any health plan term or condition, the official contract document must govern.

While every effort has been made to ensure up-to-date information, CTPF is not responsible for the final adjudication of insurance claims, which are solely the responsibility of the health plan.

* This plan is not available to members under age 65 with Medicare due to a disability and is only available to Medicare recipients who turned 65 prior to 2020. Premiums for the AARP Medicare Supplement Plan F UnitedHealthcare are based on age, gender, vary by geographic area, and are quoted directly by UnitedHealthcare. The amounts listed above are average costs for members residing in IL, TX, FL, IN, and AZ. If you are considering this plan, contact UnitedHealthcare directly for a quote. If you are a current enrollee, UnitedHealthcare will send you a letter with your 2021 Plan F premium cost. When you receive your letter, contact CTPF to determine your actual monthly cost, which includes your premium for prescription drug coverage and the health insurance premium subsidy.

* The annuitant cost is the amount paid for monthly coverage after CTPF applies the health insurance premium subsidy. The current subsidy is 60% of total premium cost. See page 15 for more information.

^ This is the amount a dependent pays for single coverage in special circumstances when only one family member is Medicare eligible. See page 44 for additional information about couple coverage.

Coverage

Prescription coverage is provided through the coverage gap and generally stays the same as the copays listed above.

Non-Medicare Part D drugs are not covered (for example, lifestyle drugs for ED).

Medicare Part B drugs, including diabetic supplies, are processed by your medical plan.

Vaccinations

Flu shots and shots to prevent pneumococcal infections are covered under Part B. Contact your Medicare drug plan for more information about vaccines.

Important Pharmacy Notes

Once your true out-of-pocket cost reaches $6,550, your copay may be reduced. Once you meet this cost threshold, you pay the greater of 5% coinsurance or $3.60 for generics/multi source drugs, $9.20 for brand name drugs, but never more than the normal copay for that drug tier based on the number of days prescribed (e.g., 30 days).

INFO

Prescription Drug Plan Changes
Each health insurance plan utilizes a formulary. Formularies may change annually, so make sure you review your plan’s 2021 formulary to determine if your prescription expenses will change.

Once your true out-of-pocket cost reaches $6,550 your copay may be reduced. Once you meet this cost threshold, you pay the greater of 5% coinsurance or $3.70 for generics/multi source drugs, $9.20 for brand name drugs, but never more than the normal copay for that drug tier based on the number of days prescribed (e.g., 30 days).
Depending on the age of your dependent, you may be in a situation where one family member is covered by Medicare and the other is not.

If you both want CTPF health insurance coverage, you must enroll in corresponding non-Medicare and Medicare health insurance plans, offered by the same carrier.

Each family member must complete a separate application and pay the cost for single coverage in each plan. The premiums for single coverage can be found on pages 21 and 37 of this handbook. When you both reach age 65, you may enroll in the same health insurance plan and pay the Member +1 rate.

### EXAM PLES

**One family member is Medicare eligible**

John is a CTPF annuitant, age 63, and his spouse is age 65. John enrolls in the UnitedHealthcare Non-Medicare PPO, and his spouse enrolls in the UnitedHealthcare Group Medicare Advantage PPO with Express Scripts Medicare® (PDP). John and his spouse are covered under separate plans so each must pay the single premium. Find single premiums in the charts on pages 21 (non-Medicare) and 37 (Medicare).

- **John's monthly member premium cost:** $533.35
- **Spouse's monthly non-member premium cost:** $316.41
- **Total monthly cost for John and Spouse:** $849.76

**When all become Medicare eligible**

Three months prior to his 65th birthday, John applies for Medicare. When he receives proof of Medicare Part A and Part B enrollment, he immediately notifies CTPF. John then enrolls in the same plan as his spouse. Once John's coverage becomes effective, John and his spouse pay the Member +1 rate.

**John's member +1 dependent cost**

UnitedHealthcare Group Medicare Advantage PPO with Express Scripts Medicare® (PDP) $442.98

* If you are currently enrolled in a CTPF non-Medicare plan and plan to continue coverage in a CTPF plan when you turn 65, you must enroll in Medicare Part A and Part B, and provide proof of enrollment by the month of your 65th birthday.
**Annual Plan Deductible**
The amount of covered medical expenses a member pays per calendar year before a health plan covers services.

**Coinsurance**
The set amount a member pays (usually as a percentage) for services before a plan begins to pay.

**Deductible**
The amount a member pays for services for health insurance before the insurance carrier will cover the cost of services.

**Emergency Medical Care**
Medical care provided in a hospital emergency room.

**Formulary**
A list of preferred drugs approved for use by a health insurance plan.

**In-Network**
Physicians and hospitals that agree to accept an insurance provider’s terms and payments.

**IRMAA**
Income-Related Monthly Adjustment Amount (IRMAA).
An additional amount that must be paid for Medicare Part B and Part D by Medicare beneficiaries who have higher incomes.

**Medicare (Original)**
Original Medicare consists of Part A and Part B. It is run by the federal government. Medicare pays hospitals and doctors directly for your care. Medicare pays some but not all of the cost of your care.

**Medicare Part D**
Medicare Part D is prescription drug coverage offered by private insurance companies. The federal government sets a minimum standard of prescription benefits that must be covered by Part D plans.

**Medigap**
Insurance coverage offered by private companies that helps pay the costs that Original Medicare (Parts A and B) doesn’t cover, such as Part A and B deductibles and coinsurance. Original Medicare provides coverage first, then Medigap helps fill in the gaps. The federal government defines standard benefits for Medigap plans. Premiums may vary between health insurance companies offering Medigap plans for identical coverage. Medigap premiums are regulated by each state.

**Out-of-Network**
Physicians and hospitals who do not accept a health insurance provider’s terms and payments. Charges are usually higher than in-network providers.

**Premium**
Periodic payment to Medicare, an insurance carrier, or health care plan to maintain health care or prescription drug coverage.

**Primary Care Physician (PCP)**
A physician responsible for a member’s complete health care services. A PCP can make referrals to specialists and other health care providers for services.

**Referral**
A written order required from a PCP that allows a visit to a specialist or to obtain certain services.

**Special Deductible**
Emergency room deductible and non-PPO admission deductible. These deductibles are in addition to the annual plan year deductible.

Health Information Privacy Policy

CTPF may use protected health information known as (PHI) as provided in the Health Insurance Portability and Accountability Act of 1996 (HIPAA). PHI is health information that can be associated with a member using personal identifiers such as name or Social Security number.

In the course of providing health insurance benefits to our members and administering CTPF’s health insurance plans, CTPF may receive and create PHI. Disclosure of PHI is generally limited to activities associated with administration of health care benefits including plan enrollment, premium payments, and facilitation of plan coverage.

CTPF makes every effort to disclose only minimum PHI when necessary, in compliance with federal and state law and CTPF’s privacy policy.

A copy of CTPF’s Privacy Notice is available upon request by contacting the Health Benefits Department.

Authorized Representative

If you want a family member to assist you with health insurance issues, you may designate an authorized representative. The authorized representative can discuss your health insurance options with a CTPF staff member, if necessary. An authorized representative does not have power of attorney and cannot make any of your care or treatment decisions.
