2016 Plan Changes and Updates...

January 1, 2016, through December 31, 2016

Important Information for All Members

2016 HEALTH INSURANCE PREMIUM REMAINS AT 50%

CTPF trustees voted to subsidize the 2016 CTPF health insurance premiums at 50% (certain limitations may apply), effective January 1, 2016. The subsidy is set annually and is subject to change. See page 12 for more information.

CTPF PLAN RATES FOR 2016

Overall rates for CTPF plans increased an average of 4.9% for 2016. A portion of the increase (2.9%) is attributed to Federal Affordable Care Act fees. Refer to the premium charts on page 15 (Non-Medicare) and page 31 (Medicare) for specific plan costs.

PRESCRIPTION DRUG PLAN CHANGES

Each health insurance plan utilizes a formulary (a list of preferred prescription drugs). Formularies may change annually, so make sure you review your plan’s 2016 formulary to determine if your prescription expenses will change.

ADDITIONAL INFORMATION ONLINE

Find an online version of this Handbook, links to provider websites and formularies, and a FAQ with additional information on our Health Insurance Open Enrollment Central page at www.ctpf.org.

2016 Medicare Plans, EFFECTIVE JANUARY 1, 2016

All health plans for Medicare eligible members offered in 2015 will be offered in 2016. Members currently enrolled in these plans do not need to take any action to stay enrolled:

- AARP Medicare Supplement Plan F (UnitedHealthcare) with Express Scripts Medicare PDP
- Blue Cross and Blue Shield Medicare Advantage PPO with Express Scripts Medicare PDP
- Humana Group Medicare HMO with Part D Pharmacy

Medicare Part A Subsidy Changes, EFFECTIVE JULY 1, 2016

Members who retire with a pension benefit effective date of July 1, 2016, or later, who must pay for Medicare Part A coverage, will not receive a CTPF premium subsidy for this cost. This does not impact CTPF subsidies for Medicare Part B, Part D, supplemental health plans, or retirees with pension benefit effective dates prior to July 1, 2016. See page 12 for more information.

2016 Non-Medicare Plans, EFFECTIVE JANUARY 1, 2016

Three health plans for members under age 65 will be offered in 2016. Members currently enrolled in the plans listed below do not need to take any action to stay enrolled:

- Blue Cross and Blue Shield PPO
- Blue Cross and Blue Shield HMO Illinois
- UnitedHealthcare Choice Plus PPO

UHC NON-MEDICARE HMO AND HIGH DEDUCTIBLE PLANS DISCONTINUED

The United Healthcare Choice HMO and High Deductible Choice Plus health plans will not be offered in 2016. Members enrolled in these plans will be automatically transferred to the United Healthcare Choice Plus PPO, effective January 1, 2016. You may continue to use your current physician under this plan. If you wish to elect a different plan, you may do so during Open Enrollment, October 1-31, 2015. Individual HSA accounts will remain open and can be used to pay for qualified medical expenses for you and your dependents. Your HSA balance is fully vested and available until spent, even if you are no longer enrolled in a CTPF health plan. Contact Optum Bank at 800-791-9361 or www.optumbank.com with HSA questions.
Open Enrollment Assistance

The Open Enrollment Period for 2016 health insurance runs October 1-31, 2015. During this period, retirees can enroll for the first time, add a dependent, or change a health insurance plan or carrier.

CTPF’s Open Enrollment seminars and webinars offer an overview of 2016 health plan choices and changes. Seminars and webinars include the same content, and are designed to provide the information you need to make an informed decision about your 2016 health care.

2016 OPEN ENROLLMENT SEMINARS

CTPF will offer two seminars for Medicare-eligible members and two seminars for non-Medicare eligible members. If you will become eligible for Medicare in 2016, or if only one family member is Medicare eligible, consider attending both sessions.

Introduction

Retiree Health Insurance

Choosing a health insurance plan for you and your eligible dependents is one of your most important decisions. The Chicago Teachers’ Pension Fund (CTPF) sponsors comprehensive health insurance plans designed to promote wellness and provide high-quality coverage at a reasonable cost.

CTPF offers health insurance benefits to retirees, dependents, and survivors if the retiree’s final teaching service was with the Chicago Public/Charter Schools. Qualified retirees may enroll in a plan for:

- Non-Medicare eligible members
- Medicare-eligible members who maintain enrollment in Medicare Part A and Part B.

This handbook provides information about CTPF’s current health insurance options, rates, and changes to health insurance plans. Read this handbook carefully, and familiarize yourself with your options. Please keep this document for future reference. Additional copies are available at www.ctpf.org.

Your Responsibilities as a CTPF Health Plan Enrollee

It’s important to keep CTPF informed if you have any of the following changes which may affect your enrollment status:

- change of address for you or your dependents
- death of a spouse or dependent
- marriage, civil union, divorce, legal separation, annulment
- dependent loss of eligibility
- change in Medicare status, including turning age 65, becoming Medicare eligible before age 65, or loss of Medicare coverage for any reason
- change in Medicare premium (such as decrease or elimination of Medicare Part A premium, or qualifying for a state premium assistance program)
- you have been awarded benefits under Medicaid (it is important that you contact CTPF once you are informed that you have been approved to receive any type of Medicaid benefits; a copy of your Medicaid award letter should also be sent to CTPF)
- your health plan or prescription ID card does not reflect your current enrollment
- your pension deduction does not match your coverage or required premium
Important Information

2016 Open Enrollment

The annual Open Enrollment Period for the CTPF health insurance program runs from October 1 – October 31, 2015. During Open Enrollment, you may enroll in a CTPF health insurance plan for the first time, change a health insurance plan or carrier, or add a dependent to a health plan. Changes made during this period become effective on January 1, 2016.

Chicago Public/Charter School COBRA Enrollees

If you currently have insurance through your former employer’s COBRA program and wish to join a CTPF plan in January, you may enroll during Open Enrollment or within 30 days of COBRA coverage ending. See page 14.

Enrollment from a COBRA program to a CTPF plan is not automatic. Contact CTPF before your COBRA coverage ends to obtain CTPF plan enrollment information.

Enrollment Forms

NON-MEDICARE PLANS
Use CTPF Form 350 (included in the center of this handbook or download at www.ctpf.org), to enroll in all non-Medicare plans.

MEDICARE PLANS
All Medicare plans require two forms. Complete CTPF Form 350 (included in the center of this handbook or download at www.ctpf.org), and see the instructions in “How to Enroll” on pages 32-33.

RETURN ALL FORMS TO CTPF
Return all completed enrollment forms and required documentation to:
Chicago Teachers’ Pension Fund
203 North LaSalle Street, suite 2600
Chicago, IL 60601-1231
Forms returned to an insurance company will not be processed.

ID Cards

Health plan enrollees receive health insurance ID cards by mail directly from their health insurance plan. ID cards are normally issued at the time of enrollment or when a health plan change is made.

If you need a replacement card, contact your health insurance plan directly. Find contact information on page 44.

HEALTH INSURANCE CHECKUP

What’s in a (legal) name?
It’s important to keep your legal name up-to-date with both the Social Security Administration (SSA) and CTPF. Your legal name is the name on your birth certificate unless your name changed due to marriage, divorce, or by legal decree. Even if you do not receive SSA benefits, the SSA supplies Medicare with the name on your Medicare ID card. Make sure you use your legal name when you complete CTPF health insurance forms. Enrollment problems can occur if the name on your Medicare card does not match the name on file with CTPF.
Turning Age 65
If you (or your dependent) plan to enroll in a CTPF Medicare plan, apply for Medicare three months before the month you turn age 65 to ensure timely enrollment. See Turning Age 65 on page 24.

To enroll in a CTPF Medicare plan, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. Acceptable proof includes:
• a copy of the Medicare card, or
• an award letter with Medicare number from the Social Security Administration verifying enrollment, with effective dates

CURRENT CTPF NON-MEDICARE HEALTH PLAN ENROLLEES
If you are currently enrolled in a CTPF non-Medicare plan and want to continue coverage with CTPF when you turn 65, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. If you fail to provide proof of Medicare enrollment, your CTPF health insurance will terminate on the last day of the month prior to your Medicare eligibility month. See page 24 for information.

MEDICARE BIRTHDAY PARTIES
CTPF offers bimonthly enrollment events to help members evaluate their health insurance options and enroll in Medicare. These Medicare “Birthday Parties” are held in the CTPF offices, and eligible members and their dependents are sent invitations in the months prior to the 65th birthday. More details can be found on page 47.

HEALTH INSURANCE CHECKUP

Medicare Proof of Enrollment
Make sure you send a copy of your Medicare card to CTPF, before the month of your 65th Birthday.

Special Situations...
If your Medicare number ends with an “M” you’ll need to send additional documentation to CTPF along with a copy of your card. Send:
• Proof of first Medicare premium payment to CMS (copy of check)
• Completed copy of CTPF FORM 301 (call Member Services or download at www.ctpf.org)
• Find more information about Medicare enrollment on page 24.
Important Information

Reducing Your Cost

CTPF Health Insurance Premium Subsidy
CTPF members whose final teaching service was with CTPF may receive a health insurance premium subsidy. The subsidy, set annually, pays a percentage of health insurance costs for eligible CTPF retirees and their survivors. The CTPF Board of Trustees approved a 50% subsidy, effective January 1, 2016. The subsidy is subject to change at the discretion of the Board.

See page 12 for more information about the health insurance premium subsidy program.

Changes to Medicare Part A Subsidy
Members who retire with a pension benefit effective date of July 1, 2016, or later, who must pay for Medicare Part A coverage, will not receive a CTPF premium subsidy for this cost. This does not impact CTPF subsidies for Medicare Part B, Part D, supplemental health plans, or retirees with pension benefit effective dates prior to July 1, 2016. See page 12 for more information.

HIPAA Authorized Representative
If you want a family member to assist you with health insurance issues, you can submit a HIPAA Authorized Representative Designation form, available at www.ctpf.org or from Member Services. Your Authorized Representative may discuss your health insurance options, but cannot make care or treatment decisions.

Power of Attorney
If you want a family member or representative to act on your behalf, you must file a power of attorney with CTPF and each of your health insurance carriers.

Fraud
Falsifying information and/or documentation to obtain health insurance coverage through CTPF will result in a loss of health insurance.

Disclaimer
If this summary description differs from the plan text or any plan term or condition, the official contract document governs. This handbook contains information regarding benefits voluntarily provided by CTPF. Plan provisions may change without prior notice.

HEALTH INSURANCE CHECKUP

Dental Plans
CTPF health insurance plans do not include dental coverage. CTPF retirees may enroll in dental insurance offered through other agencies including the Chicago Teachers Union and the Retired Teachers Association of Chicago. See page 45 for contact information.
Eligibility Requirements: Who can enroll in a CTPF plan?

Retirees and Dependents

CTPF retirees/survivors and their eligible dependents may qualify to enroll in a CTPF health insurance plan. To qualify, CTPF must be the retiree’s final retirement system. A retiree/survivor and or dependent may initially enroll in a CTPF plan once in a lifetime, unless he or she experiences a qualifying event. See Special Enrollment page 11.

Survivors

Upon the death of a member, survivors should notify Member Services as soon as possible. Once reported, CTPF will send a health insurance packet outlining survivors’ options.

CONTINUED COVERAGE FOR DEPENDENTS

CTPF health insurance coverage continues for survivors currently enrolled as dependents, following a member’s death. Qualified survivors become eligible for a health insurance premium subsidy. A survivor who does not want to continue coverage may voluntarily disenroll.

JOINING A CTPF HEALTH INSURANCE PLAN

Qualified survivors may enroll in a CTPF health insurance plan within 30 days of a member’s death, and become eligible for a premium subsidy. CTPF sends enrollment information upon notification.

Dependents Defined*

Eligible dependents include:

- a legal spouse as defined by your state of residence
- a party to a civil union
- children under the age of 26
- unmarried veteran adult children under the age of 30
- children who are mentally or physically disabled from a cause originating prior to age 23, and who are financially dependent on you for more than one-half of their support and maintenance.

Dependent enrollment is contingent upon meeting the documentation requirements listed on page 10.

It is your responsibility to notify CTPF in writing when your dependent no longer meets eligibility requirements.

*For the purposes of dependent eligibility, the term children includes:

- natural children
- step children
- legally adopted children
- children for whom you have permanent legal guardianship
- disabled children
Dependent Documentation Requirements

The following documentation must be provided when you add a dependent to a CTPF Health Insurance Plan.

*CTPF may require periodic updates to disabled child documentation. See page 9 for dependent eligibility requirements.
Enrollment: When Can I Join?

A retiree/survivor and/or dependent may initially enroll in a CTPF plan once in a lifetime, unless he or she experiences a qualifying event noted below.

**Initial Enrollment Period**

You may initially enroll in CTPF coverage when one of the following events occurs:

- within 30 days after COBRA continuation coverage under the Board of Education or Charter School active employee group health program ends,* unless coverage is cancelled due to non-payment of premium
- within 30 days of the effective date of pension/survivor benefits
- during the Annual Open Enrollment Period (once in a lifetime).
- within 30 days of first becoming eligible for Medicare
- when coverage is cancelled by a former group plan through no fault of your own

*If COBRA coverage ends December 31, 2015, you may enroll in a CTPF plan during the Open Enrollment Period, October 1 – 31, 2015. Coverage becomes effective January 1, 2016.

**Special Enrollment Period**

In addition to the annual Open Enrollment Period, you have 30 days after a qualifying event to change plans or add an eligible dependent. Qualifying events may include:

- change in permanent address that affects the availability of an HMO or Medicare Advantage plan
- marriage/civil union or divorce/dissolution
- birth, adoption, or legal guardianship
- termination of a Primary Care Physician for HMO plan enrollees
- within 30 days of first becoming eligible for Medicare

**2016 Open Enrollment**

The annual Open Enrollment Period is the time when you or a dependent can enroll in a CTPF plan or change plans. Open Enrollment runs October 1-31, 2015. Changes made during Open Enrollment become effective January 1, 2016.

Get started by following these steps:

1. Make sure you understand any plan changes (see page 2).
2. If your plan is being offered in 2016, and you want to continue coverage, **you do not need to take any action**.
3. The United Healthcare Choice HMO and High Deductible Choice Plus health plans will not be offered to CTPF retirees or their dependents in 2016. Individuals enrolled in these plans will be automatically transferred to the United Healthcare Choice Plus PPO health plan, effective January 1, 2016. (see page 2 for information). If you want to select a different plan, you may do so during Open Enrollment.
4. If you or a dependent want to enroll or change plans, you must complete the appropriate enrollment forms. An enrollment form for most plans is included in this handbook. See the “How to Enroll” section of the comparison charts for plans not included on the enrollment form.
5. Return all completed enrollment forms and required documentation to:

   Chicago Teachers’ Pension Fund
   203 North LaSalle Street, suite 2600
   Chicago, IL 60601-1231

   Forms returned to an insurance company will not be processed.
CTPF’s Health Insurance Premium Subsidy Program

CTPF retirees whose final teaching service was with the Chicago Public/Charter Schools, may qualify for a partial subsidy of their insurance premiums. A surviving spouse/child receiving a survivor’s pension may also qualify for a subsidy.

The amount CTPF can spend on retiree health insurance is limited by state law. Each year, the CTPF Board of Trustees set a premium subsidy amount. The subsidy for plan year 2016 is 50% of the total premium cost (certain limitations may apply). The subsidy is subject to change at the discretion of the Board.

Premium cost for dependent coverage is not eligible for the subsidy.

Subsidy for Medicare

CTPF provides a premium subsidy for Medicare Part B and Part D coverage. Members with a pension benefit effective date prior to July 1, 2016, also receive a subsidy for Medicare Part A (for members who must pay for this coverage).

* All teachers hired by the Chicago Public/Charter schools after March 31, 1986, contribute to Medicare and receive Part A benefits (at no charge) after 40 quarters of participation. Members employed prior to March 31, 1986, had the option of making Medicare contributions starting in 2006. Individuals who chose this option will meet contribution requirements (40 quarters) in 2016. CTPF will not subsidize Part A payments for members with benefit effective dates of July 1, 2016, or later, who chose not to contribute to Medicare Part A during employment.

Costs Not Subsidized

CTPF does not subsidize Medicare penalties or adjustments. If you are disenrolled from Medicare for any reason, CTPF may bill you to recover any overpaid premium subsidy. See page 27 for more information.

Paying for Medicare Part A

Retirees enrolled in a CTPF Medicare health insurance plan who must also pay for Medicare Part A must enroll in CTPF’s MedPay Program. Under this program, CTPF makes Medicare Part A, Part B, and IRMAA Part B premium payments on your behalf, and deducts your share (after the applicable premium subsidy) from your pension benefit. You can enroll in MedPay if your Medicare number ends with the letter “M.” See page 28 for information.
PAYING FOR MEDICARE PART B
Medicare will bill you for your Part B premium, unless you receive a Social Security benefit or qualify for and enroll in CTPF’s MedPay program. If you make Part B payments directly to Medicare, CTPF provides a subsidy by adding 50% of the premium cost to your pension benefit. Example: if your Medicare Part B Premium cost is $110 and the approved subsidy percentage is 50%, CTPF adds $55 to your pension benefit. You must make your Part B payment directly to Medicare.

Subsidy for CTPF Medicare Plans
If you are enrolled in a CTPF Medicare health insurance plan, your share of the monthly plan cost is deducted from your pension benefit. Example: if your monthly premium is $300, and the approved subsidy percentage is 50%, CTPF deducts $150 from your monthly pension for the premium cost, and pays the remaining $150 on your behalf.

Subsidy for Non-CTPF Plans
Members enrolled in non-CTPF health insurance plans and/or Medicare may be eligible for a subsidy, subject to maximum reimbursement amounts published annually. The maximum reimbursement amount will be based on CTPF’s least expensive Medicare or non-Medicare plan option. An application is mailed in the spring to members who are not enrolled in a CTPF health insurance plan. The subsidy is paid out retroactively in an annual payment. Premium payment documentation is required and is explained on the application.

HEALTH INSURANCE CHECKUP
What does ow.ly/Rvxa5 mean?
The easiest way to register for CTPF Seminars and Webinars is to use our online registration forms. You can access these forms online. The links to the forms begin with ow.ly/. Type the full registration link into your internet browser (the links are case sensitive), and a registration form will appear. Complete the form and CTPF will send a confirmation e-mail.
Overview of Health Insurance Options for Non-Medicare Eligible Members

The following pages offer general descriptions of the types of health insurance options for CTPF retirees who are not eligible for Medicare. All CTPF health insurance plans include comprehensive medical and prescription drug coverage. Specific plan information can be found in the charts beginning on page 16.

--Chicago Public/Charter School Continuation Coverage--

The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), allows you to pay for the same health insurance coverage that you received during employment, usually for 18 months.

Health insurance costs are generally lower under COBRA continuation coverage than they would be under a CTPF plan. Many choose this option and extend coverage for the maximum time allowed, normally 18 months.

Under COBRA continuation coverage, you pay premiums directly to your former employer. The employer administers the program, determines eligibility, and processes applications. In order to maintain coverage, you must make monthly premium payments on time or your coverage may be cancelled.

Contact your employer for additional information.

--Preferred Provider Organization (PPO)--

CTPF offers two PPO options, the Blue Cross and Blue Shield PPO and UnitedHealthcare Choice Plus PPO. These plans include both medical and prescription drug coverage.

A Preferred Provider Organization (PPO) is a network of physicians, hospitals, and other professionals that have agreed to accept established fees from a health plan.

You decide whether or not to use a PPO network provider, but plans generally pay a higher percentage of covered charges for services within the PPO network.

--Health Maintenance Organization (HMO)--

CTPF offers the Blue Cross Blue Shield HMO Illinois plan. This plan include both medical and prescription drug coverage.

The HMO does not have deductibles, coinsurance, or claim forms to file. All health care must be provided (except in emergencies) by doctors, hospitals, and pharmacies that belong to the HMO network.

The HMO requires you to choose a primary care physician (PCP) to coordinate your care. Your PCP can be an internist, general practitioner, or family practitioner. You have the option to change your PCP at any time (changes may not be effective immediately). You must seek a referral for specialty care and use network providers except in an emergency. A directory of providers is available online or directly from the HMO.

The HMO service area is limited, so consider this option carefully if you travel frequently, do not live in the same place for 12 months of the year, or have dependents living away from home.
Non-Medicare Eligible Members – 2016 Plan Cost Comparison

The following health insurance plans are available to non-Medicare eligible participants. If you have Medicare Part A and Part B due to end stage renal disease, these plans are available to you within the 30-month coordination period.

This comparison is to be used as a guide. In case this summary differs from the health plan text or any health plan term or condition, the official contract document must govern. While every effort has been made to ensure up-to-date information, CTPF is not responsible for the final adjudication of insurance claims, which are solely the responsibility of the health plan.

* The retiree/survivor cost is the amount paid for monthly coverage after CTPF applies the health insurance premium subsidy. The current subsidy is 50% of total premium cost. See page 12 for more information.

^ This is the amount a dependent pays for single coverage in special circumstances when only one family member is Medicare eligible. See page 38 for additional information about this situation.

Overview of Health Insurance Options for Medicare-Eligible Members

The following pages offer general descriptions of the types of plans offered to CTPF retirees who are eligible for and maintain active enrollment in Medicare Part A and Part B. All CTPF health insurance plans include comprehensive medical and prescription drug coverage. Specific plan information can be found in the charts beginning on page 32.

Turning Age 65

If you (or your dependent) plan to enroll in a CTPF Medicare plan, apply for Medicare three months before the month you turn age 65, or attend a CTPF Medicare Birthday Party when invited.

To enroll in a CTPF Medicare plan, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. Acceptable proof includes:

- a copy of the Medicare card, or
- an award letter with Medicare number from the Social Security Administration verifying enrollment, with effective dates

See general Medicare information on page 26, and find Medicare Birthday Party information on page 47.

CURRENT CTPF NON-MEDICARE HEALTH PLAN ENROLLEES

If you are currently enrolled in a CTPF non-Medicare plan and want to continue coverage with CTPF when you turn 65, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment before the month of your 65th birthday. If you fail to provide proof of Medicare enrollment, your CTPF health insurance will terminate on the last day of the month prior to your Medicare eligibility month.

MORE INFORMATION ABOUT TURNING AGE 65

CTPF offers bimonthly Medicare “Birthday Parties” designed to help members turning age 65 evaluate their health insurance options and enroll in Medicare. See page 47 for information.

Medigap Plan

A Medigap policy is health insurance sold by private companies that helps pay the costs that Original Medicare (Parts A and B) doesn’t cover, such as Part A and B deductibles and coinsurance. Original Medicare provides coverage first, then Medigap helps fill in the gaps. The federal government defines standard benefits for Medigap plans. Medigap premiums are regulated by each state. You must be enrolled in Medicare Part A and Part B to join a Medigap plan.

CTPF offers the AARP Medicare Supplement Plan F with Express Scripts Medicare® (PDP).

AARP Medicare Supplement Plan F

The AARP Medicare Supplement Plan F is an individual Medigap plan administered by Unitedhealthcare and endorsed by AARP. This plan supplements Original Medicare (Part A and Part B) and includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare® (PDP) for CTPF, (see right for more information).

This is an individual plan that is 100% portable with guaranteed renewal. You can obtain medical care from any physician or hospital that accepts Medicare. Plan F covers 100% of most Medicare-eligible expenses not paid by Medicare.
Plan F premiums are based on age, vary by geographic area, and are quoted directly by UnitedHealthcare AARP. Call CTPF to determine total premium cost including prescription coverage. Premiums may change slightly during the plan year depending on your enrollment date. UnitedHealthcare informs you of these premium changes.

New enrollees must submit completed enrollment applications to CTPF. 

Note: If you have Medicare coverage for a reason other than age, you cannot enroll in this plan.

Medicare Advantage Plans
A Medicare Advantage plan completely replaces original Medicare Part A and Part B coverage. In an Advantage plan, the plan administrator assumes all of the financial cost of the services provided to you, less the applicable copayments. You must be enrolled in Medicare Part A and Part B to join an Advantage plan. CTPF offers two Medicare Advantage plans:

Blue Cross and Blue Shield Medicare Advantage PPO with Express Scripts Medicare® (PDP) for CTPF
You can obtain medical care from any physician, hospital, or provider that accepts Medicare under this plan. The plan includes enhanced Medicare Part D prescription drug coverage administered by Express Scripts Medicare® (PDP) for CTPF (see right for more information). You typically pay 4% coinsurance after the plan deductible is satisfied.

Plan premiums are listed on page 31 and include the cost of prescription drug coverage.

New enrollees must submit completed enrollment applications to CTPF.

Humana Group HMO with Part D Pharmacy
This plan is a traditional HMO where you select a Primary Care Provider to direct your care. You must use network physicians to receive benefits. The plan includes enhanced Medicare Part D prescription drug coverage provided through Humana. You typically pay a copay for services.

Plan premiums are listed on page 31 and include the cost of prescription drug coverage.

New enrollees must submit completed enrollment applications to CTPF.

Express Scripts® Prescription Drug Coverage
Express Scripts® is the prescription drug benefits administrator for the BCBS Medicare Advantage PPO and AARP Medicare Supplement Plan F (UnitedHealthcare). Enrollment in prescription drug coverage is automatic for these plans. Express Scripts® will send all new enrollees welcome kits with a separate prescription drug ID card. You will need to present this card at your pharmacy to receive prescription benefits.

The Express Scripts Medicare® (PDP) for CTPF is an enhanced Part D prescription drug plan approved by Medicare. The plan is based on a drug formulary list which includes Medicare Part D drugs. View the drug formulary at the website: www.Express-Scripts.com/medd/ctpf. Although standard Medicare Part D plans may include a coverage gap (doughnut hole), the Express Scripts® enhanced plan offers continued coverage through the coverage gap (copays apply, see the “Important Pharmacy Notes” on pages 36-37).

Copays may change annually based on a drug’s formulary status.

If you qualify for “Extra Help” from the federal government for your prescription drug costs, your prescription copays and premium may be lower than those listed in this handbook.
Important Medicare Information

Medicare Defined
Medicare is the federal health insurance program, administered by the Centers for Medicare and Medicaid Services (CMS), for individuals who:

- reach age 65 or older, or
- receive Social Security disability benefits for over 24 months, or
- have End-Stage Renal Disease (ESRD), or
- receive disability benefits for Amyotrophic Lateral Sclerosis (ALS)

The Parts of Medicare

Medicare Part A
HOSPITAL INSURANCE
Part A insurance helps cover inpatient care in hospitals. It also helps cover care in skilled nursing facilities (non-custodial), hospice, and home health care.

Medicare Part B
MEDICAL INSURANCE
Part B insurance helps cover doctors’ services and outpatient care. Part B also helps cover some preventive services to maintain health and to keep certain illnesses from getting worse.

Medicare Part C
MEDICARE ADVANTAGE PLANS
Part C insurance replaces the traditional Part A and Part B coverage. Part C plans are Medicare Advantage HMO, PPO, or POS plans run by private companies approved by Medicare. These plans may offer other coverage including prescription drugs.

Medicare Part D
PRESCRIPTION DRUG COVERAGE
Medicare Part D helps cover the cost of outpatient prescription drugs. The federal government sets a minimum standard of benefits that must be covered by Part D plans. Standard Part D plans may include a coverage gap (doughnut hole).

ENHANCED MEDICARE PART D PLANS
Enhanced Medicare Part D Plans have a higher actuarial value than a basic Part D plan. Out-of-pocket expenses are generally lower, and continued coverage through the coverage gap may be offered.

HEALTH INSURANCE CHECKUP

Applying for Medicare
Contact your local Social Security Administration (SSA) office or call 1-800-772-1213 to enroll in Medicare Part A and Part B, three months prior to your 65th birthday. You can also apply online at www.medicare.gov. If you are already collecting Social Security retirement benefits, your enrollment in Medicare at age 65 is usually automatic. CTPF offers bimonthly Medicare “Birthday Parties” designed to help members turning age 65 evaluate their health insurance options and enroll in Medicare. See page 47.
The Cost of Medicare

Medicare Part A Premium
You may qualify for premium-free Part A coverage if you paid Medicare taxes while working. Members hired on or after April 1, 1986, paid Medicare taxes through payroll deductions.

PREMIUM FREE MEDICARE PART A
You must earn 40 Medicare “quarters” or “credits” to qualify for premium-free Medicare Part A; or 30+ quarters to qualify for a reduced premium.

You receive Medicare Part A at no cost if you receive a Social Security or RRB benefit.

You can apply for Medicare through a spouse if you have been married at least one year, or through an ex-spouse (living or deceased), if you were married for at least 10 years.

PAYING FOR MEDICARE PART A
If you do not qualify for premium-free Part A coverage, you must purchase this coverage. CTPF takes over this responsibility and pays Medicare on your behalf when you enroll in CTPF’s MedPay program, see page 28.

Medicare Part B Premium
Almost everyone must pay for Part B coverage. You are responsible for making payments directly to Medicare, and will receive a monthly or quarterly bill unless you:
- receive a Social Security benefit. Medicare deducts the Part B premium cost directly from monthly SSA benefits.
- participate in CTPF’s MedPay program. CTPF pays Medicare on your behalf, see page 28.

Pay Medicare Part B bills promptly to avoid losing all your health insurance coverage. If you are not eligible for the CTPF MedPay program, CTPF recommends enrolling in the Medicare Easy Pay Program to help avoid payment lapses. Easy Pay allows Medicare to deduct your monthly premium payment directly from your checking or savings account. Medicare administers Easy Pay; obtain an application at www.medicare.gov or call 1-800-MEDICARE.

PART B ASSISTANCE
Some individuals may qualify for a state-sponsored Part B premium assistance program. If you qualify for Part B assistance, notify CTPF immediately.

Medicare Part D Premium
All CTPF plans include Medicare Part D prescription drug coverage. The cost of Part D coverage is included in your premium.

PART D PENALTIES
If you do not enroll in a Medicare Part D drug plan when you first become eligible for Medicare, you may have to pay a late enrollment penalty, unless you have proof of other creditable coverage. Medicare Part D penalties are the total responsibility of the member. CTPF may bill a member to recover these costs if CTPF pays these costs in error. Note: all CTPF-sponsored Medicare plans have included creditable prescription coverage since the program began in 2006.

IRMAA Higher Income Adjustments for Medicare Part B and Part D
Medicare beneficiaries with higher incomes pay more for Part B and Part D insurance.

This Income-Related Monthly Adjustment Amount (IRMAA) is deducted from a beneficiary’s Social Security benefit or direct-billed by Medicare. The Social Security Administration uses federal tax returns to determine high income status.

PAYING FOR IRMAA
All IRMAA expenses are the total responsibility of the member. CTPF does not subsidize IRMAA. CTPF may bill a member to recover these costs if CTPF pays these costs in error.

   PART B: CTPF will make Medicare Part B IRMAA payments on your behalf if you are enrolled in CTPF’s MedPay Program (see page 28).

   PART D: Government regulations prevent CTPF from making Medicare Part D IRMAA payments on your behalf. CMS will bill you monthly for this expense.
CTPF’s **MedPay** Program

If you must pay for Medicare Part A, CTPF takes over payment responsibility when you enroll in CTPF’s **MedPay** Program. Through this program, CTPF makes Medicare Part A, Medicare Part B, and IRMAA Part B* premium payments on your behalf, and deducts your share (after applying the applicable premium subsidy) from your pension benefit.

Members whose Medicare number ends with a letter “M” (meaning Part A is paid for), must enroll in CTPF’s **MedPay** as a condition of enrollment in CTPF’s insurance program.

**ENROLLING IN CTPF’S MedPay PROGRAM**

Make your first Medicare premium payment to CMS, then immediately send CTPF:

1. A copy of your first Notice of Medicare Premium Payment Due, issued by CMS
2. A copy of your check for your first payment
3. CTPF Form 301 (available from Member Services or download at [www.ctpf.org](http://www.ctpf.org))

CTPF will process your request and make all subsequent Medicare Part A, Medicare Part B, and IRMAA Part B premium payments on your behalf. Your share of the premium payment (after CTPF premium subsidy, if applicable) will be deducted from your pension benefit.

*Note: CTPF cannot make Medicare Part D IRMAA payments on your behalf. CMS will bill you monthly for this expense.*

Current CTPF Non-Medicare Enrollees Turning Age 65

If you are currently enrolled in a CTPF non-Medicare plan and want to continue coverage with CTPF when you turn 65, you must enroll in Medicare Part A and Part B, and provide CTPF with proof of enrollment **before the month** of your 65th birthday. If you fail to provide proof of Medicare enrollment, your CTPF health insurance will terminate on the last day of the month prior to your Medicare eligibility month. See page 24 for information.

**MORE INFORMATION ABOUT TURNING AGE 65**

CTPF offers bimonthly Medicare “Birthday Parties” designed to help members turning age 65 evaluate their health insurance options and enroll in Medicare. See page 47 for information.

CTPF Plan Enrollment Requirements

Qualified individuals who want to enroll in a CTPF plan for Medicare-eligible members must be enrolled in Medicare Part A and Part B. If you do not qualify for premium-free Part A coverage, you must purchase this coverage through CTPF’s MedPay program.

You must provide proof of Medicare enrollment before enrolling in a CTPF health insurance plan. Acceptable proof includes:

- a copy of the Medicare card, or
- an award letter with Medicare number from the Social Security Administration verifying enrollment, with effective dates
Medicare Eligibility Due to Disability

If you are under the age of 65 and receive SSA or RRB disability benefits, you are automatically enrolled in Medicare Part A and Part B after 24 months. You must notify CTPF in writing when you, or a dependent covered under your health plan, becomes eligible for Medicare due to disability. You may join a CTPF plan when you provide proof of Medicare Part A and Part B enrollment. Some CTPF plans have an age requirement; see the comparison charts for additional information.

Medicare Eligibility Due to ESRD or ALS

If you are under the age of 65 with ESRD, you can apply for Medicare benefits by contacting a local SSA office. Once the 30-month ESRD coordination period expires, you may enroll in a CTPF Medicare plan if you also have Medicare Part B coverage.

If you receive disability benefits due to ALS, you automatically receive Medicare Part A the month benefits begin. You may join a CTPF plan when you enroll in both Medicare Part A and Part B.

Regardless of your age, it is your responsibility to notify CTPF if you are enrolled in Medicare Part A and Part B due to ESRD or ALS.

HEALTH INSURANCE CHECKUP

Other Medicare Part D Plans

All CTPF’s Medicare plans include comprehensive prescription drug coverage. If you are currently enrolled or plan to enroll in a CTPF Medicare plan, do not enroll in any additional Medicare Part D coverage.

Members may receive solicitations from insurance carriers offering other Medicare D plans. If you are enrolled in a CTPF Medicare plan, and you enroll in an additional Medicare part D plan, you will lose ALL CTPF coverage.
Notice of Creditable Coverage

Important Prescription Drug Information for CTPF Medicare-Eligible Plan Participants

Medicare prescription drug coverage became available in 2006 to everyone with Medicare. All Medicare drug plans provide at least a standard level of coverage set by Medicare.

The Chicago Teachers’ Pension Fund (CTPF) has determined that its prescription drug coverage is, on average, at least as good if not better than the standard Medicare prescription drug coverage and is considered Creditable Coverage.

If you are currently enrolled, or plan to enroll, in a CTPF Medicare insurance plan for 2016, you should not enroll in an additional Medicare Part D prescription drug plan, or you will lose all CTPF health insurance coverage.

With this Notice of Creditable Coverage, you will not be penalized if you later decide to enroll in a non-CTPF prescription drug plan. However, if you drop or lose your coverage with CTPF and do not enroll in Medicare prescription drug coverage within 63 continuous days after your coverage ends, you may pay more (a penalty) to enroll in a Medicare Part D prescription drug plan.

KEEP THIS NOTICE

If you are enrolled in a CTPF health plan for the 2016 benefit year, this notice verifies that you have creditable coverage for Medicare Part D.

If, in the future, you decide to join a non-CTPF Medicare drug plan, you may be required to provide a copy of this notice. This notice proves that you have maintained creditable coverage.

Medicare-Eligible Members – 2016 Plan Cost Comparison

The following health insurance plans are available to Medicare-eligible plan participants enrolled in both Medicare Part A and Part B, unless you have Medicare due to ESRD and are within the 30-month coordination period. This comparison is to be used as a guide. In case this summary differs from the health plan text or any health plan term or condition, the official contract document must govern.

While every effort has been made to ensure up-to-date information, CTPF is not responsible for the final adjudication of insurance claims, which are solely the responsibility of the health plan.

§ This plan is not available to members under age 65 with Medicare due to a disability. Rates for the AARP Medicare Supplement Plan F (UHC) are based on age, vary by geographic area, and are quoted directly by UnitedHealthcare AARP. The amounts listed above are average costs for Illinois residents. If you are considering this plan, contact UHC AARP directly for a quote. If you are a current enrollee, UHC AARP will send you a letter with your 2016 Plan F premium cost. When you receive your letter, contact CTPF to determine your actual monthly cost, which includes your premium for prescription drug coverage and the health insurance premium subsidy.

* The retiree/survivor cost is the amount paid for monthly coverage after CTPF applies the health insurance premium subsidy. The current subsidy is 50% of total premium cost. See page 12 for more information.

^ This is the amount a dependent pays for single coverage in special circumstances when only one family member is Medicare eligible. See page 38 for additional information about this situation.

Coupel Coverage

Insurance options when only one family member is Medicare eligible

Depending on the age of your dependent, you may be in a situation where one family member is covered by Medicare and the other is not. If you both want CTPF health insurance coverage, you must enroll in corresponding non-Medicare and Medicare health insurance plans, offered by the same carrier.

Each family member must complete a separate application and pay the cost for single coverage in each plan. The premiums for single coverage can be found on pages 15 and 31 of this handbook. When you both reach age 65, you may enroll in the same health insurance plan and pay the Member +1 rate.

EXAMPLE

**One family member is Medicare eligible**

John is a CTPF retiree, age 63, and his spouse is age 65. John enrolls in the non-Medicare Blue Cross and Blue Shield PPO, and his spouse enrolls in the Blue Cross and Blue Shield Medicare Advantage PPO. John and his spouse are covered under separate plans so each must pay the single premium. Find single premiums in the charts on pages 15 (non-Medicare) and 31 (Medicare).

- **John’s monthly member premium cost**
  - Non-Medicare BCBS PPO (after 50% subsidy) $737.73

- **Spouse’s monthly non-member premium cost**
  - BCBS Medicare Advantage PPO with Express Scripts Medicare® (PDP) for CTPF $330.93

**Total monthly cost for John and Spouse** $1,068.66

**When all become Medicare eligible**

Three months prior to his 65th birthday, John applies for Medicare.* When he receives proof of Medicare Part A and Part B enrollment, he immediately notifies CTPF. John then enrolls in the same BCBS plan as his spouse. Once John’s coverage becomes effective, John and his spouse pay the Member + 1 rate.

- **John’s member + 1 dependent cost**
  - BCBS Medicare Advantage PPO with Express Scripts Medicare® (PDP) for CTPF $496.40

**EXAMPLE**

*If you are currently enrolled in a CTPF non-Medicare plan and plan to continue coverage in a CTPF plan when you turn 65, you must enroll in Medicare Part A and Part B, and provide proof of enrollment before the month of your 65th birthday (see page 24 for information).
CTPF COBRA: Continuation of Coverage Rights

Overview

COBRA (Consolidated Omnibus Budget Reconciliation Act) is a federal law that gives health plan enrollees, including retirees and their eligible dependents, the right to temporarily continue health insurance at group rates. Coverage must be lost due to specific qualifying events (see below). The type of qualifying event determines who is qualified for continued coverage and for how long.

The decision to continue coverage under COBRA must be made within a certain time period, called the election period. If COBRA continuation coverage is elected within the qualifying period, the coverage will be reinstated retroactive to 12:01 a.m. on the date following termination of coverage. Coverage under COBRA is identical to the health insurance coverage provided to plan enrollees.

CTPF COBRA Eligibility

COBRA continuation coverage is a continuation of CTPF health insurance coverage when coverage would otherwise end because of a qualifying event. A list of qualifying events with the applicable continuation periods can be found in the chart below. You must notify CTPF in writing of address changes for dependents so that COBRA notification can be sent.

Notification of CTPF COBRA Eligibility

As the retiree, you are responsible for notifying CTPF of your or your dependent(s) loss of eligibility of coverage within 60 days of the date of the qualified event, or the date on which coverage would end, whichever is earlier. Failure to notify CTPF at the following address within 60 days will result in termination of CTPF COBRA continuation rights:

   Health Benefits Department
   Chicago Teachers’ Pension Fund
   203 North LaSalle Street, suite 2600
   Chicago, IL 60601-1231

CTPF sends a letter with CTPF COBRA continuation rights within 14 days of receiving notification of the health insurance termination with a qualified event. The letter includes an enrollment form, premium payment information, and important deadline information.

If you and/or your dependent(s) do not receive a CTPF COBRA continuation letter within 30 days, and you notified CTPF within the required 60-day period, contact CTPF immediately.

CTPF COBRA Enrollment

You and/or your dependents have 60 days from the date of the COBRA eligibility letter to elect enrollment in COBRA and 45 days from the date of election to pay required premiums. Failure to complete and return the enrollment form, or to submit payment by the due dates, will terminate COBRA rights. If the enrollment form and all required payments are received by the due dates, coverage will be reinstated retroactive to the date of the qualifying event.

Continuation Period When Second Qualifying Event Occurs

If, while on an 18-month COBRA continuation period a second qualifying event occurs, you and your dependents may extend coverage an additional 18 months, for a maximum of 36 months. However, this 18-month extension does not apply in the case of a new dependent added to existing COBRA coverage.

Disability Extension of 18-Month Period of Continuation Coverage

If, while covered under COBRA, you are determined to be disabled by the Social Security Administration (SSA), you may be eligible to extend coverage from 18 months to 29 months. Enrolled dependents are also eligible for the extension. To extend benefits, you must have become disabled during the first 60 days of COBRA continuation coverage. You must submit a copy of the SSA determination letter to CTPF within 60 days of the date of the letter and before the end of the original 18-month COBRA coverage period.

Premium Payment under CTPF COBRA

You have 60 days from the date of the COBRA eligibility letter to elect CTPF COBRA and 45 days from the date of election to pay all premiums. Premium is 102% of the group rate for each COBRA-enrolled individual and is not subsidized by CTPF. Failure to pay premium by the due date will result in termination of coverage retroactive to the last date of the month in which premiums were paid.
Disability Extension
Premium Payment

Disabled individuals and their enrolled dependents pay an increased premium, up to 150 percent of the cost of coverage, for all months covered beyond the initial 18 months.

Adding New Dependents to CTPF COBRA Coverage

Qualified dependents may be added to existing COBRA coverage. Contact CTPF for more information and documentation requirements.

Termination of Coverage under CTPF COBRA

Termination of COBRA coverage occurs when the earliest of the following occurs:

- maximum continuation period ends
- COBRA enrollee fails to make timely payment of premium
- COBRA enrollee becomes entitled to Medicare
- the plan terminates

Conversion Privilege

When COBRA coverage terminates, enrollees may have the right to convert to an individual health plan without providing evidence of insurability. Contact your health plan administrator to see if you qualify for this option.
Ending Insurance Coverage

Voluntarily Ending Coverage

You can voluntarily end health insurance coverage at any time. Notify CTPF in writing, at least 30 days prior to the first day of the month when you want to end coverage. Your benefits will cease on the last day of the month. If your request is received less than 30 days in advance, your request will be processed in the following month.

Disenrollment Procedure

Each health insurance plan has its own disenrollment procedures. If you are voluntarily disenrolling from a CTPF plan, contact Member Services for instructions.

Involuntarily Ending Coverage

Retirees

A retiree’s health insurance coverage ends:

- the last day of the month when eligibility requirements are no longer met,
- on the date you lose Medicare coverage due to non-payment of premium, or
- on the date of death

Dependents*

A dependent’s health insurance coverage ends

- simultaneously with the termination of the retiree’s coverage, or
- the last day of the month when eligibility requirements are no longer met

* Please note that CTPF health insurance coverage continues for survivors currently enrolled as dependents, following a member’s death. See page 9 for information.

Refund of Premium

Premiums will not be refunded for coverage ended retroactively due to late notification of ineligibility.

HEALTH INSURANCE CHECKUP

Stay Up-to-Date with Address Changes

If you move, notify the Social Security Administration (SSA) of your new address. Even if you don’t receive a Social Security benefit, the agency needs to know if your address changes, otherwise you may not receive a Medicare Part B bill. If you fail to pay for Medicare Part B – you can lose ALL your Medicare coverage and you will be disenrolled from CTPF health insurance programs.
Important Terms

Annual Plan Deductible
The amount of covered medical expenses a member pays per calendar year before a health plan covers services.

Annual Maximum
The amount a member pays out-of-pocket for benefits each year.

Coinsurance
The set amount a member pays (usually a percentage) for services before a plan begins to pay.

Copayment/Copay
The set amount a member pays for a medical service.

Creditable Coverage
Prescription drug coverage that is on average at least as good as if not better than the standard Medicare Part D prescription drug coverage.

Deductible
The amount a member pays for services for health insurance before the insurance carrier will cover the cost of services.

Effective Date
The first day health insurance coverage begins.

Emergency Medical Care
Medical care provided in a hospital emergency room.

Formulary
A list of preferred drugs approved for use by a health insurance plan.

In-Network
Physicians and hospitals that agree to accept an insurance provider’s terms and payments.

IRMAA
Income-Related Monthly Adjustment Amount (IRMAA). An additional amount that must be paid for Medicare Part B and Part D by Medicare beneficiaries who have higher incomes.

Lifetime Reserve Days
Additional days that Medicare will pay for hospitalization longer than 90 days. A total of 60 reserve days can be used during a lifetime. Medicare pays all covered costs except for daily coinsurance for reserve days.

Medicare (Original)
Original Medicare consists of Part A and Part B. It is run by the federal government. Medicare pays hospitals and doctors directly for your care. Medicare pays some but not all of the cost of your care.

Medicare Advantage
Medicare Advantage plans are also known as Medicare Part C. Medicare Advantage plans combine the services of Part A and Part B, and often times, Part D.

Medicare Part D
Medicare Part D is prescription coverage offered by private insurance companies. The federal government sets a minimum standard of prescription benefits that must be covered by Part D plans.

Medigap
Insurance coverage offered by private companies that helps pay the costs that Original Medicare (Parts A and B) doesn’t cover, such as Part A and B deductibles and coinsurance. Original Medicare provides coverage first, then Medigap helps fill in the gaps. The federal government defines standard benefits for Medigap plans. Premiums may vary between health insurance companies offering Medigap plans for identical coverage. Medigap premiums are regulated by each state.

MedPay
CTPF’s program that pays Medicare Parts A, B, & IRMAA Part B for enrolled members whose Medicare number ends in “M.”

Open Enrollment
The period when retirees can change health insurance plans or add dependents to a health insurance plan.

Out-of-Network
Physicians and hospitals who do not accept a health insurance provider’s terms and payments. Charges are usually higher than in-network providers.

Out-of-Pocket Maximum
The maximum amount paid out-of-pocket for covered expenses in any plan year. After the out-of-pocket maximum is met, the plan pays at 100% of the eligible charge or the Usual and Customary charge as determined by the health plan administrator.

Premium
Periodic payment to Medicare, an insurance company, or health care plan to maintain health care or prescription drug coverage.

Primary Care Physician (PCP)
A physician responsible for a member’s complete health care services. A PCP can make referrals to specialists and other health care providers for services.

Referral
A written order required from a PCP that allows a visit to a specialist or to get certain services.

Special Deductible
Emergency room deductible and Non-PPO admission deductible. These deductibles are in addition to the annual plan year deductible.

Urgent Medical Care
Medical care provided in an urgent care facility.

Health Information
Privacy Policy

CTPF may use protected health information known as (PHI) as provided in the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

PHI is health information that can be associated with a member using personal identifiers such as name or Social Security number.

In the course of providing health insurance benefits to our members and administering CTPF’s health insurance plans, CTPF may receive and create PHI. Disclosure of PHI is generally limited to activities associated with administration of health care benefits including plan enrollment, premium payments, and facilitation of plan coverage.

CTPF makes every effort to disclose only minimum PHI when necessary, in compliance with federal and state law and CTPF’s privacy policy.

A copy of CTPF’s Privacy Notice is available upon request by contacting the Health Insurance Department.

Authorized Representative

If you want a family member to assist you with health insurance issues, you may designate an authorized representative. The authorized representative can discuss your health insurance options with a CTPF staff member, if necessary. An authorized representative does not have power of attorney and cannot make any of your care or treatment decisions.

CTPF Form 345, HIPAA Authorized Representative Designation, is available at www.ctpf.org or from Member Services.
