CTPF Administrative Rules – Return to Work

I. Cancellation of Pensions (40 ILCS 5/17-149).

- A. If any person receiving a disability retirement pension from the Fund is re-employed as a Teacher, their pension shall be cancelled on the date their re-employment begins, or on the first day of a payroll period for which service credit was validated, whichever is earlier, regardless of whether they are employed on a full-time, part-time, or temporary basis.
- B. If any person receiving a service retirement pension from the Fund is re-employed as a Teacher on a permanent or annual basis by an Employer, as defined in Section 17-105.1 of the Illinois Pension Code (40 ILCS 5/17-105.1), their pension shall be cancelled on the date the re-employment begins, or on the first day of a payroll period for which service credit was validated, whichever is earlier. However, subject to the limitations and requirements of Section II below, the pension shall not be cancelled in the case of a service retirement pensioner who is re-employed on a temporary and non-annual basis or on an hourly basis.
- C. These rules also apply to any person receiving a service retirement pension from the Fund who becomes re-employed by a CPS contract school on or after August 27, 2021, provided, however, that in the event a retiree becomes re-employed by a contract school on a permanent or annual basis on or after August 27, 2021, but before January 1, 2022, cancellation of the retiree's pension shall not be effective until January 1, 2022, and, in the event a retiree becomes re-employed by a contract school on a temporary, non-annual basis on or after August 27, 2021, but before January 1, 2022, the limitation on days worked or on compensation earned shall be calculated from January 1, 2022 forward on a fiscal year (July 1 – June 30) basis.
- D. Under Section 17-149 (c-10) of the Pension Code (40 ILCS 5/17-149(c-10)), from July 1, 2022 through June 30, 2024, the pension of a service retirement pensioner shall not be cancelled, if the pensioner is re-employed on a permanent or annual basis in a certified "subject shortage area," and certain other requirements are met, as outlined in Section 17-149 (c-10) of the Pension Code. Re-employment under Section 17-149 (c-10) shall not require contributions, result in service credit, or constitute active membership in the Fund.

II. Temporary and Non-Annual Re-Employment.

For school years beginning on or after July 1, 2019 and before July 1, 2022, a Member's service retirement pension shall not be cancelled in the case of a service retirement pensioner who is re-employed as a Teacher, other than a driver education instructor, on a temporary and non-annual basis or on an hourly basis, provided the person does not

- 1. work as a Teacher for compensation on more than 120 days in a School Year; or
- 2. accept gross compensation for the re-employment in a School Year in excess of:

- i. \$30,000; or
- ii. In the case of a person who retired with at least 5 years of service as a principal, an amount that is equal to the daily rate normally paid to retired principals multiplied by 100.

For the purpose of subsection 2(ii) of this Rule, all certified administrators shall be considered “principals.” Fund staff shall, on an annual basis, determine the rate normally paid to retired principals based on certified payroll data submitted by Employers during each School Year.

If a retiree works on more than 120 days or accepts excess gross compensation for such reemployment in any school year beginning on or after July 1, 2019 and before July 1, 2022, the service retirement pension shall be cancelled effective as of the first date on which the retiree exceeds either limitation.

For school years beginning on or after July 1, 2022 and ending before July 1, 2024, the 120 day maximum referenced in this subsection shall be increased to 140 days and no compensation limit shall apply. For school years beginning on or after July 1, 2024, the 120 day maximum shall again take effect but no compensation limit shall apply.

Re-employment on a temporary and non-annual or hourly basis shall not require contributions, result in service credit, or constitute active membership in the Fund.

III. Driver Education Instructors.

As of July 1, 2017, a retiree’s service retirement pension shall not be cancelled in the case of a service retirement pensioner who teaches **only** driver education courses after regular school hours and does not teach any other subject area, and so long as the person does not:

- i. work as a driver education instructor for compensation for more than 900 hours in a school year; or
- ii. accept gross compensation for the re-employment in a School Year in excess of the gross compensation limits set forth above in subsection 102 (2)(i) or (ii) as applicable.

If the retiree works more than 900 hours or accepts excess gross compensation for such reemployment in any school year the service retirement pension shall be cancelled effective as of the first date on which the retiree exceeds either limitation.

IV. Notice of Re-Employment Required.

To be eligible for re-employment without cancellation of pension, a retiree must notify the Fund in writing of his or her intention to accept re-employment.

V. Employer Responsibilities.

An Employer must certify to the Fund the temporary and non-annual or hourly status and the compensation of each retiree in its employ at least quarterly, and when the pensioner is approaching the earnings limitation under Section 102 of this Article.

By submitting the reports required by this section, the Employer certifies that the information contained in the reports is true and correct to the best of its knowledge.

VI. Determination of Limitation Exceeded.

In accordance with Section 149 of the Code, Fund staff will determine if a retiree exceeded the return to work limitations from the certified records received by the Employer.

Upon determining that Employer records indicate that a retiree has exceeded the return to work limitations, Fund staff shall request from the retiree's Employer(s) a detailed report of the retiree's compensation and days of work. The Employer(s) shall submit the detailed report with a certification form, which shall be provided by Fund staff, certifying that the compensation and days of work are complete and accurate based on the school's business records.

VII. Definition of a Day.

For purposes of this Article, a retiree shall be deemed to have worked a "day" when an Employer reports the retiree worked for compensation as a Teacher for at least one hour in any calendar day. However, a "day" shall not include an "in service" day that the retiree must attend in order to qualify as a substitute.

VIII. Use of Third-Party Employment Agencies.

A CTPF retiree who provides services to an Employer shall not be subject to the return to work limitations as set forth in Section 149 of the Code if they are an employee of a third-party contractor, employment agency, or other vendor (collectively, "Third Party Vendor") that provides staff to Employer schools, unless it is determined by the CTPF Board of Trustees that the retiree or the Employer are using the Third Party Vendor to circumvent the limitations of Section 149 of the Code.

IX. Consultants and Independent Contractors.

A CTPF retiree who contracts with an Employer to provide services in a position for which a license or certificate is required is subject to the return to work limitations, unless it can be shown that the retiree is a bona fide independent contractor. Paying a retiree through accounts payable rather than through payroll does not exempt the retiree or the Employer from the limitations under Section 149 of the Pension Code.

X. Appointment of the Return to Work Committee.

The Return to Work Committee will consist of three to five Trustees appointed by the Board. The Return to Work Committee shall be responsible, *inter alia*, for recommending the appointment and retention of Hearing Officers for return to work matters, for reviewing Administrative Rules pertaining to retirees who return to work and for the oversight of such Rules, and for such other duties as assigned by the Board.

XI. Violations/Appeals

If the Fund determines that any retiree is in violation of the return to work restrictions contained in Section 149 of the Pension Code, the Fund shall notify the Member by mail of the specifics of the violation, the estimated amount of any overpayment, their right to appeal the determination and request a hearing, and their right to request hardship consideration..

III.D/102 Request for a hearing.

Any Member who is identified as having violated the return to work restrictions contained in Chapter E of this Title may request an administrative hearing to dispute the determination or the amount of the overpayment, by sending a written request for a hearing to the CTPF Legal Department within 30 days of the date of the notice of violation from the Fund.

If CTPF does not receive payment or a written request for a hearing within 30 days of the date of the notice of violation, CTPF will automatically reduce the Member's monthly pension benefit by up to 25% until the overpayment, including any health insurance subsidy, if applicable, is repaid. .

If the Fund makes such a showing, the burden shifts to the retiree to establish, by a preponderance of the evidence, that the retiree did not work on more than 120 days (or 900 hours in the case of a driver's education instructor as provided in section III.E.103 of this Title) and did not accept compensation in excess of the applicable compensation limit contained in Chapter E of this Title.
