As many of you are undoubtedly aware, pensions have been in the news lately and it has many of our members worried about whether CTPF will be able to pay out retirement benefits.

I’d like to reassure you that CTPF has a stable funding plan, and that pensions for CTPF members are guaranteed. In its 122 years of existence, CTPF has never missed a pension payment.

Illinois law specifies that funding for Chicago teachers’ pensions shall be a combination of employer contributions, state appropriations, employee contributions, and earnings on investments. A funding crisis at the Chicago Public Schools (CPS) in the mid-1990s fundamentally changed the structure of pension funding. CPS administrators used a series of pension “holidays” to shore up their operating budgets, cutting resources from CTPF, and causing our funded ratio to fall.

Decades of concern from CTPF members and a funded ratio dipping below 50% demonstrated the critical need for change, and improvements began when legislation signed in 2016 (Public Act 99-521) reestablished the CTPF tax levy. Additional legislation signed on August 31, 2017, (Public Act 100-465) reformed the Illinois education funding formula, established the State’s obligation to fund the normal cost of Chicago’s teacher pensions, and provided funding to offset the cost of retiree health insurance. The legislation also increased the ceiling for the tax levy to 0.567%. All of these changes have helped put CTPF on a path toward full funding for the first time in decades.

We are a transparent organization, accountable to you and the Illinois taxpayers. The recently released 2017 Comprehensive Annual Financial Report (CAFR) and Popular Annual Financial Report (PAFR)—summarized in this newsletter—tell a clear story of where CTPF’s funding is currently. Our investments saw a rate of return of 13.6%, compared to 0.5% in the previous year, and we can expect contributions of more than $784 million from CPS and the State in 2018. We will continue to make all of our financial information readily available, and uphold our reputation of being responsible stewards of public funds.

Concerns have also been voiced about what our pension fund means for Illinois, with many taxpayers wondering if pensions are a drain on the state’s economy. The 2018 CTPF Economic Impact Statement shows that just the opposite is true. More than 80% of CTPF members continue to live in Illinois after they retire, contributing close to $2 billion to the state’s economic activity, and helping to support over 14,000 jobs.

Additionally, recent research released by the National Institute on Retirement Security (NIRS) finds that pensions cost about half as much as 401(k) plans. CTPF’s current funding plan puts us at 90% funded by the year 2059, and we are on track to meet that target through CPS and state payments, member contributions, and wise investments.

Going forward, CTPF has a solid path of diverse, stable, and equitable funding, ensuring that Chicago’s educators can retire with dignity and security. The system works when we all work together.
Thursday, March 15, 2018, the Chicago Teachers’ Pension Fund Board of Trustees appointed Lois Nelson to serve as a Pensioner Trustee until the Board’s November 2018 meeting. Trustee Nelson temporarily fills the vacancy created by Dr. Walter E. Pilditch’s passing on December 24, 2017. There will be an election in November to complete the remaining year of Dr. Pilditch’s two-year Pensioner Trustee term.

Trustee Nelson earned a BS in Education from Chicago State University and an MS in Education from Governors State University. She was a teacher at Earle Elementary School for more than 40 years and retired in 2011. She served the CTPF Board as a Teacher Trustee from 2005-2010, including spending parts of her tenure as Financial Secretary and Vice President. Trustee Nelson has been an active member of several groups and organizations, including the Chicago Teachers Union Retiree Functional Group, Caucus of Rank and File Educators (CORE), and AFT Black Caucus Chicago Chapter.

“We appreciate Ms. Nelson’s previous service to CTPF and welcome her back to the Board of Trustees representing our pensioners,” said Charles A. Burbridge, CTPF Executive Director. “We value the experience and dedication that she brings to the Board and look forward to working with her in the months ahead.”

Based on the Vacancies section of CTPF’s bylaws, following the declaration of the vacancy on the Board, a Vacancy Committee was appointed to evaluate candidates and to recommend an individual to the Board to fill the vacancy. Seven retired members applied for the position. The committee met to evaluate applications and to interview finalists and made a formal recommendation which the Board accepted on March 15, 2018.

During fiscal year 2017, CTPF paid more than $100 million per month in pension and health insurance benefits, totaling $1.4 billion annually to 28,439 beneficiaries. CTPF also serves 28,855 active contributing members, 6,062 vested terminated members who are eligible for but are not yet receiving benefits, and an additional 22,570 inactive, unvested members only eligible for a return of contributions.

**INVESTMENT OVERVIEW**

The Fund invests for a “lifetime,” maintaining a diverse mix of assets with an acceptable level of risk appropriate for a large public employee retirement system. CTPF enjoyed strong investment returns in 2017, with a 13.6% (benchmark of 13.1%) return compared to 2016’s return of 0.5% and fiscal year 2015’s return of 3.5%.

**ACTUARIAL OVERVIEW**

Every year, an actuarial valuation is performed in order to determine the amount of required contributions from the Board of Education and the State of Illinois in accordance with the Illinois Compiled Statutes (Public Act 89-0015). This year CTPF employed a new actuary—Gabriel, Roeder, Smith & Company Holdings, Inc.—which produced the 2017 actuarial valuation. The actuary has determined that total required contributions for 2018 will be $551.4 million from the Board of Education and $233 million from the State of Illinois.

2018 ECONOMIC IMPACT STATEMENT

On April 25, 2018, the Chicago Teachers’ Pension Fund (CTPF) announced the release of its 2018 Economic Impact Statement. CTPF made $1.3 billion in direct payments to annuitants living in Illinois in 2017. Those payments had a $1.9 billion impact on the Illinois economy, supporting 14,704 jobs in the state. The Buck Stays Here: Understanding the Economic Impact of CTPF Benefit Payments on the State of Illinois and the City of Chicago is produced annually and details CTPF’s impact on the State of Illinois and the City of Chicago. The 2018 edition breaks out economic impact by Chicago Ward for the first time.

“A majority of our members stay in Illinois after retirement, and the pensions they have earned are spent close to home, supporting local and regional economies. This spending across the state, and specifically in the City of Chicago, contributes to overall community vibrancy,” said Charles A. Burbridge, CTPF Executive Director. “CTPF pensions provide a sustainable retirement for 24,440 Illinois residents who continue to give back to their communities in countless ways.” The report found that 84 percent of CTPF’s annuitants who collect a pension stay in the State of Illinois, with nearly half of that number continuing to call Chicago home. The beneficiaries residing in Chicago are responsible for approximately $1.0 billion in total economic impact and support 7,500 jobs across the city.

The study used standard economic multipliers from the U.S. Department of Commerce Bureau of Economic Analysis to assess the economic impact of spending. The report was mailed to all Illinois legislators and Chicago Aldermen. Visit www.ctpf.org to view the full report.

“CTPF Pensions help support 14,704 jobs in the State of Illinois including 7,500 in the City of Chicago.
