RETIREMENT ON THE HORIZON
THOUSANDS OF CHICAGO PUBLIC SCHOOL TEACHERS ARE ELIGIBLE FOR RETIREMENT
Chicagoans will remember 2016 as a miraculous year in which the Cubs finally “broke the curse” and won the world series. I suspect that the team members who played in that remarkable series would not credit their success to a miracle, but to hard work and perseverance.

Pension funds live by the adage of slow and steady. We invest with a 30-year horizon and focus on lifetime security. Looking back on 2016, it’s tempting to reflect with a measure of hyperbole, as major developments helped ensure our financial stability. The reality is that slow and steady progress, not miracles, helped us to make major strides.

The Fund’s most notable event may be the restoration of our dedicated pension tax levy, eliminated by statute in 1995.

The levy provides the Fund with a direct, stable, and long-term source of revenue. Our Trustees, staff, and members have worked for many years to educate legislators on the importance restoring the levy, and there were times when the passage of this legislation seemed as improbable as a Cubs victory. Perseverance worked, however, last spring the governor signed PA 99-0521, which we expect to generate about $250 million per year.

This revenue does not eliminate the need for employer payments, as we continue to address decades of underfunding. Our fiscal year closed June 30, 2016, with a substantial employer contribution (the third straight year), and we saw our funded ratio increase to 52.4%. While short-term investment returns gained 0.5% for the fiscal year as global events brought volatility to the marketplace, our long-term outlook remains strong with 5-year returns at 7% and 25-year returns at 8.3%.

The $1.4 billion in pension payments we made in FY 2016 ensured our member’s financial security and made an important economic impact in Illinois, supporting more than 12,969 jobs.

Financial security begins with good health, and CTPF remains committed to offering access to high-quality health care plans and partially subsidizing those costs. The fund paid $66 million in subsidy payments in 2016 and will continue to subsidize 50% of premium costs in 2017.

In sharp contrast to the positive developments in the year, we also saw the Governor veto SB 2822, a measure which would have provided parity in the State’s support of school districts. CPS has approximately 20% of students in the State, yet it receives far less than 20% of the State total education resources. Pension security begins with equitable education funding, and we will continue to press for these reforms.

Your voice had a powerful impact in Springfield last year, and we look forward to your continued support in 2017. Our Ambassador program continues to offer programming designed to help you communicate with legislators, see page 7 for more information.

Serving our members efficiently and effectively is our top priority, and this past year we initiated several short- and long-term projects that will improve the way we receive and maintain information from employers, redesign our website, and improve member service. We know that slow and steady progress, not miracles helped us move forward with great success in 2016.

We look forward to working with you as we build on that success in 2017.
CTPF PRESENTS DIVERSITY REPORT

CTPF’s year-end report on diversity delivered to the Governor’s office highlighted the Fund’s more than $3.3 billion in assets invested with Minority, Women, and Disabled Business Enterprise (MWDBE) firms during the 2016 fiscal year. Illinois Senate Committee hearings in August 2016 highlighted the Fund’s exceptional performance. Illinois State Senator Kwame Raoul, co-chair of the Pensions and Investments Committee stated that CTPF has “embraced [diversity] at every level.”

“CTPF Trustees understand that the investments we make do more than provide financial security for our members,” said Charles A. Burbridge, CTPF Executive Director. “We have worked for more than 20 years to enhance and support our investments in this area, and for the past 10 years have exceeded our diversity goals.”

CTPF has seen dramatic growth in MWDBE investments since its program began more than 20 years ago. The Fund invested 6.1% of assets in MWDBE-owned funds in 1996, growing total investments to 35.2% at the end of May 2016. CTPF’s 2016 Diversity Report is available at www.ctpf.org.

CTPF BOARD OF TRUSTEES ELECTIONS

CTPF is governed by a 12-member Board of Trustees who serve staggered terms. Elections are scheduled each November to fill open positions. Candidate petitions for two Teacher Trustees and one Administrator Trustee were due September 30, 2016. Three individuals submitted petitions for the Teacher Trustee positions. All petitions were sent to CTPF’s third-party election services provider for verification, and two candidates were certified. Since the number of certified candidates did not exceed the open positions, the 2016 Teacher Trustee elections were cancelled. Jeffery Blackwell and Bernie Eshoo were declared re-elected. Blackwell and Eshoo were re-installed at the November 10, 2016, CTPF Board of Trustees meeting and will serve three-year terms from November 2016-2019. There were no candidates nominated for the Administrator Trustee position. Jerry Travlos will continue to serve in this role.

The Trustees installed re-elected members, elected officers, and appointed committee chairs on November 10, 2016.

GOVERNOR VETOES SENATE BILL 2822

Thursday, December 1, 2016, Governor Rauner vetoed Senate Bill 2822 which would have appropriated $215.2M to the Chicago Teachers’ Pension Fund for fiscal year 2017. The Illinois Senate immediately moved to override the veto by a vote of 36-16, but the Illinois House failed to take action and the veto stands. The veto will not impact current pension payments.

“Our lawmakers who sent Senate Bill 2822 to the Governor worked to uphold a promise dating back to 1995 when the state declared its intent to fund CTPF at a rate proportionate to the downstate/suburban systems. Unfortunately, we didn’t have the full support of the Governor at this time,” said CTPF Executive Director Charles A. Burbridge.

“Vetoing this legislation perpetuates a disparity in our pension funding system and takes valuable educational resources away from Chicago’s educators and students. While we are disappointed, we remain encouraged by the sheer number of legislators who fought for and gave voice to this critical issue. We will continue to work with legislators in the 100th session to ensure that equitable pension and education funding remain at the forefront of their priorities.”

PENSIONS SUPPORT JOBS & THE ECONOMY

The 2016 Economic Impact Statement, a collaborative report assembled by eight of Illinois thirteen Reciprocal Retirement Funds details the nearly $17 billion in economic impact and 126,212 jobs supported by pension payments in the State of Illinois. The statement aggregates the number of fund members and their payments by legislative district and includes the percentage of constituents in a district who are fund members.

The publication developed from conversations initiated during the Illinois Public Pension Roundtable, founded by CTPF Board of Trustees President Jay C. Rehak. The working group organized in 2015 and met quarterly to discuss topics ranging from improving operating efficiencies to the impact pension payments have on communities. The group’s 2016 report aggregates the funds’ data and details the impact annuity payments have in each legislative district in Illinois.

The eight systems represent more than 876,000 state taxpayers – or nearly 9 percent of Illinois’ adult population. “Our Fund has produced an economic impact statement since 2012,” said Jay C. Rehak, President of the CTPF Board of Trustees. “We know from our research that our pension payments impact the economy of every single legislative district in the state. Taking the next step and aggregating the data from the reciprocal funds offered a better understanding of the critical role these payments have in sustaining and supporting local economies throughout Illinois.”

As of November 30, 2016, the approximate current value of CTPF’s investments was $9.7 billion.
Many CTPF retirees choose to return to work as substitute teachers or in other temporary positions for the Chicago Public and Charter Schools ("Employer") or both. The Illinois Pension Code restricts the number of days and the amount of compensation that retirees can earn as part of part-time or temporary employment for an Employer.

Return to work violations have been increasing, and have serious and significant financial consequences to those that exceed the work limits: repayment and/or cancellation of pension or repayment and/or loss of health insurance subsidy.
