CTPF Trustees Installed

During their November 20, 2014, meeting the Chicago Teachers’ Pension Fund Board of Trustees elected officers for 2014-2015 and re-installed Trustees Tina Padilla, Raymond Wohl and Andrea L. Zopp.

Trustees Padilla and Wohl were originally elected to the CTPF Board of Trustees as Teacher Trustees in November 2011. The number of certified candidates did not exceed the open positions in the 2014 Teacher Trustee Elections. Therefore, the certified candidates were declared elected. Padilla and Wohl will serve three-year terms from November 2014 - November 2017.

Trustee Zopp was appointed to the CTPF Board of Trustees as a representative of the Board of Education in June 2011. She will serve a two-year term from November 2014-2016.

CTPF Executive Director Resigns

Longtime CTPF Executive Director Kevin B. Huber resigned from the fund effective December 31, 2014. Huber joined the fund as Chief Financial Officer in 1999, and was promoted to Executive Director in 2005. He had been on medical leave from the fund since May 2014.

“We thank Mr. Huber for the outstanding leadership and guidance he has provided our fund during the past 16 years. As CFO and then as Executive Director, he worked tirelessly on behalf of our members and our staff, and has set a high standard for our fund,” said Jay C. Rehak, president of the CTPF Board of Trustees.

“He brought a rare combination of professional and interpersonal skills to this position and we will miss him greatly.”

The Board of Directors has initiated a national search for candidates to fill Huber’s position, and is working with executive search firm EFL Associates. The fund’s current Interim Executive Director, Peter A. Driscoll, will stay on with the fund through March 31, 2015, to ensure a smooth transition.
As of September 30, 2014, the approximate current value of CTPF’s investments was $10.4 billion.

CTPF Presents Diversity Reports

As part of two fiscal year-end reports, the Chicago Teachers’ Pension Fund (CTPF) announced that it invested more than $3.6 billion in assets or approximately one-third of total fund assets with Minority, Women and Persons with a Disability (MWDBE) firms, a 2 percent increase over 2013 investments. The fund’s work was highlighted during October testimony before the Illinois Senate Pensions and Investments Committee and in a December report provided to the Illinois Governor’s office. Copies of the reports are available at www.ctpf.org.

“Our pension fund has a long-standing commitment to a diverse investment base and has recognized the benefits of investing with MWDBE owned funds since the early 1990s,” said Jay C. Rehak, president of the Chicago Teachers’ Pension Fund Board of Trustees. “Our MWDBE program has been instrumental in our long-term success. We believe diversity of managers makes fiscal sense in a global market.”

The recently submitted reports are required by a 2009 Illinois law, PA 96-006, encouraging the trustees of pension funds to use emerging investment managers in managing their system’s assets. The law also encourages funds to take affirmative steps to remove any barriers to the full participation of emerging investment managers in investment opportunities.

Over the past twenty years, CTPF has seen dramatic growth in MWDBE investments. The fund invested 6% of assets in minority-owned funds in 1993. Today the total investment has grown to 33.4%.

“We look forward to continuing our partnership with the more than 40 minority-owned firms and continuing to invest in these productive relationships,” said Rehak.
PA98-0599 (Senate Bill 1) Ruled Unconstitutional

November 21, 2014, a Sangamon County Circuit Court judge ruled that Public Act 98-0599 is unconstitutional.

The original legislation, signed December 5, 2013, changed the Illinois Pension Code for four of the five state pension systems: Teachers’ Retirement System (TRS), State Employees Retirement System (SERS), State Universities Retirement System (SURS), and the General Assembly Retirement System (GARS). CTPF was not impacted by the law.

The law eliminated the State systems’ unfunded liability by 2045, primarily by reducing benefits for retired and active members. The law was scheduled to go into effect on June 1, 2014, but implementation was delayed by the court case.

The Attorney General immediately appealed the Circuit Court’s decision to the Illinois Supreme Court. A hearing is scheduled for March.

New Federal Pension Law Does Not Impact CTPF Members

The $1 trillion spending bill designed to keep the federal government operating, signed into law on Dec. 16, 2014, includes a provision allowing private companies to reduce pensions for retired workers. This legislation does not affect CTPF and only applies to troubled pensions in the private sector.

CTPF Releases 2014 CAFR and PAFR

The CTPF Board of Trustees released the 2014 Comprehensive Annual Financial Report (CAFR) during their December 11, 2014, meeting. The CAFR is prepared by fund staff, reviewed by the fund’s independent auditor, and includes detailed investment, actuarial and statistical information about the Fund for the fiscal year ended June 30, 2014.

The fund has also prepared a consolidated version of the CAFR in the form of a 2014 Popular Annual Financial Report (PAFR). The PAFR includes essential financial information for the 2014 fiscal year. A copy of the PAFR is being distributed with this newsletter.

Members can find copies of the CAFR and PAFR at www.ctpf.org.

New Member Information Sheets Available

The fund recently completed a revision and rework of publications for members, replacing trifold brochures with member information sheets.

“It’s been nearly eight years since we launched our brochure series, and since that time our technology has advanced to the point where having our primary publications online makes sense,” explained Frances Radencic, director of communications. “Producing these publications in an 8.5 x 11 format, means they will be easier to print or to view online for members seeking this information.”

Information sheets provide a general overview of the following topics: Retirement, Disability, Leaving Employment, Maximizing Your Pension, and Survivor and Death Benefits. All publications are available for download at www.ctpf.org.
2015 Medicare Rates Announced

Individuals with less than 30 quarters of Medicare-covered employment pay $407 monthly, reduced from $426 in 2014.

CTPF helps pay for Medicare Part A premiums by subsidizing 50% of your premium cost.

Medicare Premiums for Higher-Income Individuals
The Social Security Administration requires that individuals with higher incomes pay an income related adjustment amount (IRMAA) in addition to their standard Medicare premiums. These IRMAA premiums apply to Part B as well as prescription coverage. CTPF does not subsidize any part of the IRMAA premium. IRMAA adjustments are applied to individuals whose adjusted gross income was higher than $85,000 in 2013 and to couples whose income was $170,000 or more.
